Daly City Levies Personal Property Tax

Collected for the First Time

By RON BATES

AUTOMATION has caught up with the average Daly City taxpayer and as a result, his tax bill, which arrived by mail last week, is approximately five dollars higher.

For the first time in the history of the city, residents will pay a personal propery tax on such things as rugs, drapes, furniture and appliances.

When the city council turned over its tax assessing and collecting powers to the county last December, the tax rate in effect, was raised about 12 cents per $100 assessed valuation, because of the personal property levy.

The transfer of tax powers took place last December with a relatively small amount of publicity and no public opposition at a meeting of the council.

Since the tax bills have come to the homeowner, however, the city clerk's office and the county tax collector's office have received numerous calls.

The city always has had the right to collect the tax, but has never enforced it. The county, on the other hand, has always collected it under state law.

When the county tax collector's office took over the city's collection duties, effective July 1, it automatically included the personal property levy on the city rolls.

"We are only adhering to what the county recommends," Finance Director Joseph Arch said. "All the other cities in the county are doing it, also."

Only San Mateo and Redwood City still collect their own taxes.

The county uses a data processing system and would have to rewire the machinery to collect Daly City taxes as they were collected in the past, Arch said.

The additional tax means approximately $46,000 more a year for the city treasury.

THE VALUE of personal property is estimated at approximately 10 per cent of the cost of improvements to land. In Daly City the total assessed valuation of improvements to land is $46.6-million.

Personal property is determined for the most part, however, by county assessors who visit homes. It is also determined through forms sent to homeowners and apartment dwellers.

One of the reasons the city has never enforced the perpersonal property tax is because of the high expense of collecting the tax from apartment occupants. Officials felt property owners would be discriminated against if they were the ony ones to pay.

The county has always collected from apartment house dwellers and so the city, now, is collecting the tax from them, too.

The move has drawn praise from County Tax Collector Ross Conti.

"The tax load is being spread over a broader base," he said. "The city now has a completely uniform picture by taxing both the property owner and the person who lives in the apartment."

Both Conti and Arch think the move to give the county the tax collecting duties will result in more efficiency in collecting taxes.

Residents now receive only one bill instead of two and this facilitates payment. The loan companies and banks, which hold a good portion of the mortgages on the homes, are especially satisfied with the new system, Arch said.

Arch said the city had to contract with a private company to have bills printed and sent out. The cost of the contract and other expenses will more than offset the cost of having the county do the work, he said.

"It will also eliminate that peak period of collection."

Conti said the total cost to the city may be completely wiped out. In the original agreement with the county, which runs for five years, the city was willing to pay approximately two cents a parcel.

ON THE tax bill, the over-all total, including the county tax, elementary and high school tax, the city rate and the junior college tax, comes to $9.5520 per $100 assessed valuation.

Of this, the elementary school district takes the biggest chunk, $3.27. The high school tax is $2.67, and the junior college 43 cents.

The city tax rate is $1.48 this year for the third consecutive year. Daly City, however, has the second highest rate in the county, surpassed only by Pacifica's $1.92.

RACIAL OVERTONES

Jeff Elementary Board Mulls New Transport Policy

By DON MILLER

A proposed new policy with potentially explosive racial overtones was considered by the board of trustees of the Jefferson Elementary School district Monday night.

The policy would declare that the district does not favor transporting pupils as a "mehod of eliminatng ethnic, cultural, racial or religious distinctions."

In effect, it would put the board on record as opposed to a plan adopted by school districts in some areas of the country — a plan in which pupils are transported from one school to another to achieve a racially distributed balance among the schools.

The proposal to adopt the new policy was introduced by trustee O. Wayne Douglas. At his request, a vote on the policy was tabled for a week to allow board members to consider its ramifications.

At the suggestion of board president Thomas Noonan, Douglas accepted an amendment to his proposal that said the board would not approve the gerrymandering of areas within the district to encourage racial or ethnic distinctions.

Douglas' proposal evoked a lively discussion from his fellow board members and Schools Superintendent Richard Foster.

Foster immediately voiced his opposition to the wording of the polcy, saying that this terminology has been the basis of a raft of disputes in other cities.

"You're just asking for racial bombardment," he declared. "I want it on tape (recording) that your superintendent strongly recommends against a sentence such as that."

Douglas replied that he had considered proposing the policy after reading of reports of a meeting of the San Francisco School board, the National Association for the Advancement of Colored People (NAACP), and

JESD Will Study Its Cafeterias

The Board of Trustees of the Jefferson Elementary School district took a long, hard look at its cafeteria program Monday night and decided to ask a citizen's committee to appraise the program.

The committee will be asked to determine if the community is in favor of the program and if so, if it should be expanded.

School Superintendent Richard Foster reported that the district loses more than $10,000 each year on the cafeteria operation.

He added, however, that there isn't a school system in California that has a self-supporting cafeteria system. And he noted that a deficit cafeteria program is a perennial headache to any district.

The board directed its president, Thomas Noonan, to appoint a five-man committee to

Police Investigate Two Brawls in North County

Pacifca police and district attorney's officials Monday were still attempting to untangle details of a wild melee Sunday at the Sharp Park golf course which involved a San Francisco police sergeant and San Francisco high school teacher on one side and sent a 30-year-old San Francisco man on the other side to Peninsula hospital after he was reportedly punched numerous times.

Officers disclosed it was the second wild fight of the day. Earlier in the morning a Daly City elementary school principal was arrested for assault and battery, disturbing the peace and resisting arrest after he allegedly battled three officers who came to his home

COMPLAINTS RECEIVED

Hearing Set On New Fare

Residents of Daly City who complain about bus service provided by Northgate Transit lines may have the opportunity to vote the company out of business.

Vice Mayor Micheal DeBernardi told the council Monday night the only alternative to the Northgate Transit system is a municipally owned and operated bus line.

And due to the cost of running the bus system and its effect on the tax rate, the question would have to be put to the vote of the people, he observed.

The council has received "at least a dozen" complaints about bus service in the past few weeks, Mayor Joseph Verducci said, "and we agree with them."

The bus lines come under the jurisdiction of the Public Utilities commission.

The commission will hold a public hearing November 14 on a request by Northgate to increase its fares five cents.

The company says the increase is needed to improve its service.

Verducci said the complaints would be forwarded to the commission for its consideration at the hearing.

"The city manager and the city attorney will be there to indicate the displeasure of the council," Verducci said.

Annexation Of Christen Moves Ahead

The Daly City council took its final step in the annexation of the 916-acre Christen Ranch Monday night with the second reading of an annexation ordinance.

Barring a referendum such as the one that overruled the council on the attempted annexation of Westborough in 1961, the huge tract of land will become part of the city in 28 days.

City officials have indicated that no organized opposition to the annexation has been voiced. There were no protests at Monday's meeting.

A 73-acre regional shopping center is planned in the area and officials anticipate an annual revenue of approximately $1.2-million when the Christen development is complete.

The property is bounded on the east by Junipero Serra boulevard, on the west by Skyline boulevard, on the north by Daly City and on the south by the Westborough subdivision being annexed by South San Francisco.

The council cleared up another annexation matter last night when it merged the retirement system contracts of the Bayshore and Daly City fire departments.

The merger of the two departments will take place November 1. It previously was stalled

Funds for Freeway in The Budget

Three costly milestones along the long-dreamed-of Junipero Serra Freeway on San Mateo county's backbone, are contained in budget plans before the California Highway Commission.

Due for approval yesterday with other items in the $577,212,100 state construction budget for 1964-65 were $23.8 millions for local projects.

Allotted for Interstate 280 (Serra) Freeway in San Mateo and Santa Clara counties are:

$7.6 millions for twin four-lane bridges spanning San Mateo Creek at Crystal Springs Dam above San Mateo;

$8 millions for 7.2 miles of freeway north from Los Altos toward the San Mateo county line;

$8.2 millions for the freeway through Daly City and South San Francisco, connecting to the Southern Freeway in San Francisco and running as far south as Eastmoor avenue.

Models for the twin spans at Crystal Springs dam are now being built, a highway division spokesman said.

Westborough Annex Gets 2nd Reading

The South San Francisco City council voted 4 toi 1 Thursday in favor of accepting the second reading of a new ordinance that, if unopposed, would in 30 days bring about the annexation of 537 acres of the Westborough subdivision.

The area has a potential population of 18,000 persons and a potential assessed valuation of about $30 million.

The lone holdout to the move was Councilman Emilio Cortesti, who also objected to the measure October 7 at the first reading of the ordinance.

And once again, sole objection from the audience came from David Ratto, a real estate broker, who contends that annexation of the land will mean higher costs for the city, while "the developer will benefit by $3 million."

All that remains of the Westborough unit is the inhabited portion, 124 acres occupied by some 500 homes. This area is currently not a part of any city.

Only a referendum by the people of South San Francisco within the 30 days could halt the annexation. It was a referendum by the people of Daly City that killed an annexation attempt of Westborough in 1961.

Contest Won By Pacifican

Pacifica resident, John Walterbeck, of 1420 Perez street picked 13 out of 15 games correct in the Post-Times Football contest to win two tickets to the Stanford - California Big Game.

Walterbeck is a routeman for Foremost Dairies in San Francisco and an amteur football coach.

Two other entrants also picked 13 games correctly out of the 15 but were edged out by Walterbeck because of their 49er yardage estimate. Santo Di Mare of 66 Tallwood drive, Daly City, was a runner-up for the third consecutive week.

SEVEN IN NORTH COUNTY

Road Projects in Full Swing

SEVEN North County road projects are listed as "under way" in the latest quarterly report from J. P. Sinclair, assistant state highway engineer.

In the county more than $11 million in projects, are under way, another $13 million have been approved for construction soon and more than$16 million have been proposed.

The north ocunty projects include:

CONSTRUCTION on the $4,364,000 section of four-lane freeway between Sharp Park road and Manor drive in Pacifica.

Clearing and grubbing operations are progressing, embankment is being constructed in the area of Sharp Park Golf course and in the Reina del Mar frontage road area, sewage facilities are being installed and several large reinforced concrete box culverts are being constructed.

The 2.5-mile project includes almost one mile of reconstruction of the existing alignment of Cabrillo highway south of Westport drive.

Pedestrian crossings will be provided over the freeway at Milagra and under the freeway at the golf course. Traffic separations will be built at Clarendon road, Manordrive and Paloma avenue. Full interchange facilities are being constructed at Sharp Park road.

NORTH of the Edgemar district, traffic has been detoured and the contractor is excavating for the structure and constructing embankments for the Gateway drive undercrossing.

The $298,000 project is expected to be completed early next year.

DESIGN studies are in progress for converting the exiting four-lane expressway between Manor drive in Edgemar and route 35 (state sign route 5) to a six-lane freeway.

East of route 35, rough grading and construction of drainage and frontage road facilities along this route are included in the contract for interstate route 280 between Palmetto drive in San Francisco and Eastmoor avenue in Daly City.

LONG-RANGE PLANS

New High Schools On Coast Mulled

By LOUANNE HEATH

The possibility of building two new high schools in the Pacifica area has been dscussed by Jefferson Union High school district Superintendent Edward D. Morgan in a letter to Pacifica City Manager Karl A. Baldwin.

Writing of the district's long range plans for Pacifica at the request of Pacifica City Councilman George Mason, Morgan noted that construction of new housing on land formerly owned by the Christen Brothers would necessitate a new plant.

He added that if development of the area between Linda Mar and Portola Heights should be undertaken, a second new high school would be required.

According to Morgan, the district is negotiating with the Suburban Land company for a high school site on Christen ranch property.

Once a school is completed in that area, it will serve students in Portola Heights, Pacific Heights, Westview, that portiontion of the former Christen ranch that is in the Jefferson district, and certain parts of Westlake and the St. Francis Heights section of Daly City, Morgan said.

Commenting on the second new school, administrative assistant Richard Coltrell explained that at the present time, no major development is being undertaken in the Linda Mar to Portola Heights section and until such activity is begun, no specific planning can be undertaken by the district.

Morgan, in his official evaluation of the district's planning for Pacifica, pointed out that both Oceana and Terra Nova High schools are master-planned to ultimately accommodate 2000 students and at present each school is large enough to handle approximately 950 students.

The board of trustees of the high school district voted Monday night to revise the district's bus policy in the Bellview avenue area to include all students living north of Oliver street.

The board acted upon the recommendation of Morgan who had studied transportation in the area.

"After having driven the exact bus route several times, I have determined that the two-mile mark, the legal limit for bus transportation of students, is approximately at 333 Bellview. Rather than divide the block in half, it seemed wise to extend our service to include the entire block," Morgan said.

Bus Policy Considered By Trustees

the Congress of Racial Equality (CORE).

Noonan backed up the proposed policy, declaring:

"I believe totally in the neighborhood school — that children should attend schools in their own neighborhood. When you transport them out of their neighborhood because of race or creed, then you discriminate."

Foster at this point recommended that the board refer the proposed policy to a state education specialist in Sacramento who deals largely in this field.

This proposal was criticized by Noonan, who observed:

"This is a district and it has its own philosophy. We cannot delegate this to someone working in an abstract way. I feel we have to do it with our own people."

Noonan's stand, in turn, was criticized by trustee Mrs. Katherine Mullen, who noted:

"Why, we call in experts all the time to advise us even though we don't always pay attention to them."

Douglas said he knew what his philosophies on the subject were and that "they aren't going to be changed" by someone outside.

Foster then agreed that if the board had a philosophical meeting of minds on the basic issue, referring the policy to an outside expert would not accomplish much.

Mary's Help Drive Gains Momentum

The Mary's Help Fund drive in Daly City has begun to gather momentum in the wake of a decision last week to begin a door-to-door campaign. The move was announced by drive officials.

Door-to-door solicitation began last week in the Westlake section of the city and a fund-raising walk is planned in the St. Francis Heights and Westlake Knolls areas November 11.

Headquarters for the St. Francis Heights-Westlake Knolls drive has been set up in space donated by the St. Francis Square Shopping center. It will be operated by members of the Mary's Help Nurses Alumnae association.

Mrs. Dolores Leonard was named to head the drive committee in the area.

Assisting her will be George Perry, organization and program chairman; Thomas Noonan, chairman of the Jefferson Elementary School district board of trustees, special activities program, and Mrs. Frank Murphy, publicity and promotion.

He Bathed in Laundromat

The Daly City Council Monday night received a lengthy complaint from a Bayshore resident over the 24-hour operation of a laundromat on Geneva avenue.

Included in several incidents cited by the resident, Mrs. Myrtle Halversen, 2914 Geneva avenue, was an episode where "a man came out in his shorts, got a towel out of his car and proceeded to dry himself."

He evidently had bathed and washed his clothing. He soon came out fully dressed, she said.

gather facts and report back to the board.

Noonan observed that the committee's findings should settle the cafeteria question "once and for all."

Trustee Mrs. Katherine Mullen observed, however, that it would be settled only "until we get a new crop of children in the schools."

In other action, the board decided to invite architect Mario J. Ciampi to a meeting to explain why he had submitted a bill calling for fees higher than the eight per cent architect's fee usually paid by the board.

Ciampi's firm has submitted a bill to the district for designing the Westlake Park overpass over Lake Merced boulevard, north of Junipero Serra boulevard.

Foster reported that the bill asks for $1780 more than eight per cent of the total cost of construction. He said that Ciampi had cited unusual costs as the basis for the higher bill.

Noonan assailed the billing, declaring:

"I think this is a ridiculous bill coming from him (Ciampi).

He explained that Ciampi had originally estimated the overpass would cost $16,000, that the board believed it would cost about $36,000 and that the final cost exceeded $40,000.

Foster noted that the eight per cent ceiling is established policy in state-supported school construction.

The board, in the end, decided to ask the district attorney's office if the overpass could be considered part of the Westlake Park school construction program, which was built with the aid of state funds.

The board heard a report from assistant superintendent Vinton Stratton on this year's summer school program.

Stratton said that overall, the program had met with considerable success in achieving the goals and objectives set forth at the beginning of the summer session.

He reported that enrollment at the end of school totaled 1616 pupils—247 more than the corresponding figure in 1962.

And he added that the number of students who dropped out of school and who didn't attend at the start after signing up was three per cent less this year than last.

'Battle of the Bulge' Will Be Waged in D.C.

Daly City's own "Battle of the Bulge" will be vigorously waged each Tuesday and Thursday at lunchtime, starting this week.

It's all part of a program, sponsored by the Daly City Recreation department, to help businessmen trim down by working out at the War Memorial Community center.

They'll be invited to participate in such trim-down activities as volleyball, basketbal, badminton, weight lifting and shuffle board.

Showers, athletic equipment and lockers will be free. Participants will provide their own gym clothes, tennis shoes and a lock for lockers.

The program will be called the Twelve O'Clock Athletic club and the "Battle of the Bulge," therefore, will begin at noon on each day of the battle.

Muni Buses Considered

(Continued from Page 1)

cles, scheduling and routes of buses.

DeBernardi, chairman of the transportation committee, summed up a report from a consulting firm, just recently completed at a cost of $3,500, on transportation in Daly City.

The report indicates that it would not be practical to aid the company with a city subsidy. A completely new system is needed, the report said.

"There are only two avenues of approach," DeBernardi said. "One is to extend the San Francisco system into Daly City, if they were willing and we were willing to pay. Up to now, they are not willing to extend their lines."

The second avenue would be municipal ownership of the system by Daly City.

"This is a giant step if we're going to take it," he said.

Verducci said that nowhere in the United States does a municipal system pay its way. People want the buses to come close to their home and they want the buses to run regularly at peak commuter hours and during the evening, he said.

"If the people want these benefits, they're going to have to pay for them."

Two Fights Investigated

(Continued from Page 1)

to investigate a complaint he was beating up his wife.

The police officer, identified by Pacifica police reports as James Glafkides, 45, insisted on signing an assault with a deadly weapon complaint against William Alvin Hay, 33, of 92 Montebello, Daly City, because Hay allegedly jumped on him with the spikes of his golf playing shoes.

According to police reports, Hay and John Joseph Hendon, 30, of San Francisco, were playing in a foursome with two other men and were about to tee off on the first fairway when Sgt. Glafkides and William R. Bussenius, 44, of 775 Mayfair avenue, Daly City, a former basketball star and now a teacher at a San Francisco high school, complained the foursome was taking too long.

Carroll J. Martindale, 42, principal of Garden Village school in Daly City, was booked by officers and then taken to County General hospital on a 72-hour hold order after he allegedly battled two regular patrolmen and one reserve officer who were called to his home at 903 Serena drive.

by a court order for almost three months. The court order had been requested by the city of Brisbane.

Brisbane recently withdrew its complaint, which argued that a portion of its city would be without fire protection. Still to be settled in the courts is a distribution of the assets, estimated at $100,000, of the Bayshore department.

The council also directed the planning commission to hold a public hearing November 13 to establish an interim zoning ordinance in Bayshore.

The commission will study the zoning of the area as a whole rather than in a "piecemeal" fashion, according to City Clerk Anna Ohlendorf.

Anthony Aiello, president of the Hillside Homeowners Improvement association, asked the council to study a number of problems in its area.

Aiello said most of the causes of the problems stem from outside the city limits.

Residents in the area fear a sea of mud from a horse trail if heavy rains come soon. Aeillo said the residents were flooded with mud two years ago.

He also notes that rates are coming into the area because street sweepers cannot clean certain parts of the streets.

In other action, the council allocated $500 to the new San Mateo County Historical society museum in the new College of San Mateo College Heights campus. The council indicated it hoped to see a Daly City section in the museum.

Applicants Are Sought

Residents of the Jefferson Elementary School district interested in applying for a vacant seat on the school board were urged this week to submit their applications no later than Monday.

The seat was held by Dr. Donald R. Calvert who has resigned to take a new job in Berkeley. He had served on the board since July of 1961.

The board of trustees this week decided to set a deadline Monday for accepting applications.

Thomas Noonan, board president, noted that the board should not operate with only four members any longer than necessary.

Calvert's resignation was effective October 15. By law, the board must appoint a successor by December 15.

tary sewer relocations on Junipero Serra boulevard approximately one-quarter of a mile south of Knowles avenue.

This project is preliminary to the beginning of construction of approximately 3.9 miles of freeway costing $10,100,000 on routes 1 and 280 between Palmetto drive in San Francisco and one-half mile south of Eastmoor avenue in Daly City.

Included in the project is an interchange between routes 1 and 280 in the vicinity of Alemany boulevard, and on route 280 at the Knowles avenue - Alemany boulevard overcrossing.

Additional traffic separations will be constructed at Alemany boulevard in the vicinity of Orizaba avenue, St. Charles avenue, School street and San Pedro avenue.

Overcrossings also will be provided north of Garden gateway and near Dunks street to carry frontage road traffic over the freeway.

Work also includes rough grading and construction of drainage and frontage road facilities on route 1 between interstate 280 and route 35 (State route 5) in Pacifica.

ABOUT $5 million with an additional $3,200,000 needed in 1966, is proposed for the extension of this route from Eastmoor avenue in Daly City to south of Arroyo drive in South San Francisco. Studies are presently being made on changes proposed by San Mateo county at Collins avenue.

Projects for the remainder of the $10 million interstate route are in varying stages of design.

An allocation of $120,000 is proposed in the tentative 1964-65 program for resurfacing existing route 35 (state sign route 5) between 0.2 miles north of the junction with route 1 and 0.2 miles south of the Alemany boulevard extension in Daly City.

Bear admitted firing the gun, an old .32 revolver, that felled Philip Galu, 14, 4223 Twenty-second street, with a shot in the mouth, and James Brady, 15, 1552 Dolores street, shot in the chest.

Two other companions of the Bear and Rogers boys also were picked up by police and held at at the Youth Guidance center Monday. They are Ricardo Colindress, 13, 788 Bellevue avenue, and Eugene Morabe, 14, 430 Templeton street, both of Daly City.

According to the four boys they had the gun and a switchblade knife with them just to assure themselves that any fight would be fair. The gun, they said, was a gift of a girl friend of a friend.

Bear retrieved the weapons from a radio in his room at home for police. He and Rogers are being held on charges of assault with intent to commit murder.

According to the two victims, the brawl began when they saw "four guys molesting a three- or four-year-old kid" and tried to break it up.

IN PACIFICA

Action Deferred On UN Unit Plan

Pacifica city councilmen last week side-tracked a politically controversial proposal that they endorse establishment of a local unit of the American Association for United Nations after receiving a recommendation from the American Association of University Women that they take any one of three courses on the subject.

Members of the audience were present to speak against the proposal on the grounds no local governmental unit should take a stand on international affairs.

Others were in favor of endorsement of a local United Nations citizens' group. The council, after hearing that both Redwood City and Hillsborough councilmen took a hands-off attitude on the proposal, referred the matter to its meeting of November 6.

The proposal originally was referred to the local chapter of the American Association of University Women for recommendation when it was submitted to the council last June.

In a long report to councilmen last night, the university women suggested any one of these three courses of action:

1. That the council endorse the group and pay a proposed $5 membership fee.
2. That they endorse the U.N. group but do not pay the fee on the grounds a local political body has no right to financially endorse such a group.
3. That no action be taken.

The council previously indicated itself split on endorsement of the international group, with Mayor Harold Feyge leading opposition to the proposal.

City Hall Selection Is Due Monday

A final decision on the selection of a new city hall site will be made at a special meeting Monday night at 6 p.m. by the Daly City Council.

The council had expected to announce the site selection this week but the appraiser's final reports were not submitted to the city manager until Monday morning, too late for full consideration at a council meeting that night.

The council adjourned the regular council meeting to the special meeting Monday so that it could take official action on the matter.

"We want to wind this thing up as quickly as possible," councilman Robert St. Clair said.

Dale Farnow, 2636 Ocean avenue, representative of a corporation that owns six lots on one of the sites under consideration, asked if purchase funds would be immediately available once the selection was made.

City Manager Edward Frank said reserve funds and loans are now available to pay for the property.

High School Dance Is Set

The Daly City Recreation department's annual Hallowe'en dance for high school students is planned tomorrow evening from 7:30 to 10:30 at the War Memorial Community center.

Open to all Westmoor and Jefferson High school students the dance will feature special contests, a door prize, and a judging of Hallowe'en costumes, which are optional.

Commission Turns Down Teen Dance

The Pacifica Park, Beach and Recreation commission last Tuesday overruled department officials and ordered its first Hallowe'en teen-age dance cancelled. The dance had been scheduled at Pedro Valley school.

Recreation director Eldred Loker said the action was taken after one resident in the vicinity of the school objected, expressing fear for the safety of the children in the nieghborhood.

When department officials did not act on her objections, she went to the commission.

Chairman Sheila Hyman told members of the commission and informed Lokker of the decision to cancel the dance. Lokker said:

"I told her I could take no action unless ordered to do so and was told, 'You are so ordered.'"

Lokker said that department officials thought there was not sufficient time to "hatch it out any further" and so he cancalled the activities.

The Hallowe'en dance for teenagers was organized by the Recreation department because the department has been criticized in the past for not sponsoring a constructive activity for teenagers on Hallowe'en, Lokker explained.

"As far as I know," Lokker said, "this is 'he first time the commission members have overruled actions by department officials."

Official Says It's a Night For Children

"Halloween is a night for little children," Pacifica's Park, Beach and Recreation commission chairman Sheila Hyman said this week.

She explained why commission members voted to cancel a department scheduled teenage dance for that night at Pedro Valley school.

Mrs. Hyman said the commissioners felt that teen-agers going to the school through the neighborhood in their cars would be a danger to small "trick-or-treaters" out that night.

The Recreation department sponsors dances for teen-agers every Saturday and alternate Friday nights at Pedro Valley school, Mrs. Hyman pointed out.

She explained that the dances are held at Pedro Valley school because there is only one exit and it is much easier to supervise and patrol than other recreation centers.

Neighboring residents have been very co-operative about the other dances but "it came to our attention they were upset about this one," she said.

Approximately 350 teen-agers were expected to attend the Halloween dance.

Recreation director Eldred Lokker was right in scheduling the dance since he had had a number of requests from parents of teenagers, said Mrs. Hyman.

In deciding to cancel it, commissioners felt they had "to take the larger view" in considering the needs of others in the community, she added.

Here's Some Hallowe'en Safety Hints

Children who wear dark costumes or ill-fitting masks on Hallowe'en may be exposing themselves needlessly to the danger of accidents, the California State Automobile association warned today.

When crossing streets, youngsters wearing dark Hallowe'en costumes are especially hard for motorists to see.

Poorly-fitted masks partially obscure the youngster's vision and make it difficult for him to see oncoming traffic.

The motorists' organization urged parents to put some thought into the selection and preparation of Hallowe'en costumes and made the following suggestions:

Masks should fit properly so that the child can see well.

Loose fitting hoods that completely cover the face should be avoided.

The costume should include some white or light-colored cloth or, better yet, some strips of reflective material.

Hallowe'en Means Pennies For UNICEF Fund Drive

(Editor's note: Tomorrow night, a host of youngsters will collect pennies in the annual Hallowe'en night program for UNICEF, the United Nations children's fund program. This article is written by a volunteer UNICEF worker.)

On Hallowe'en night tomorrow, some of the wonderfully wild assortment of costumed characters ringing Pacifica's doorbells will be "Trick or Treaters for UNICEF," who are giving up some of their own "treats" to share the blessings enjoyed in America.

These youngsters will be expressing, in a very constructive manner, their concern and friendship for those who are less fortunate than they.

There are more than one billion children in the world today, three out of four of these children live in economically underdeveloped countries. Most of them lack adequate food, shelter, and protection from disease.

They face a short life and one burdened by privation and disease. Yet the future of the world depends on developing stronger, healthier children.

The purpose of the United Nations Children's Fund (originally called the United Nations International Children's Emergency Fund, the initials "UNICEF" are still used) is to help countries stop the suffering and waste of human resources in their lands.

Children of once remote lands are becoming near neighbors. The kind of adults they become can affect people everywhere.

Therefore, "Trick or Treaters for UNICEF" are accepting the opportunity to DO something to help make the world a better place for them.

Each coin collected in this children-helping-children program will mean food or medicine for some sick or hungry child in the world.

One penny can mean five glasses of milk, or five vitamin tablets, or an immunization against TB.

A nickel supplies the medicine to cure yaws (a running sore).

Huge Party Is Planned In Westlake

A giant Hallowe'en party for youngsters will be staged in the mall of the Westlake Shopping center, beginning at 8 tomorrow night.

The party will be sponsored by the Westlake Improvement association. Prizes will be awarded for the best costumes.

Contest categories will be: 3 years of age and under; 4 to 6 years; 7 to 9 years, and 9 to 12 years.

Judges will be: Peter Markovich, manager of the Daly City Chamber of commerce; Elmer Kennedy, Daly City Fire chief and Mrs. Helen Cordell, art co-ordinator for the Jefferson Elementary school district.

Prizes will be awarded on the basis of originality, decor and humor.

BOY INJURED

Frank R. Ginanco, 13, 228 Hillcrest street, Daly City, dislocated his elbow while playing touch footbal in the Upper Colma school last week.

Market St. Extension Funds OK'd

Emergency fund transfers were approved by the county board of supervisors last week so that a contract could be awarded for extension of Market street eastward from Daly City to the tower road on San Bruno mountain.

County Engineer Don S. Wilson recommended that the extra funds be made available.

He told the board that, although the lowest bid price was well above the estimate, he felt that nothing would be gained by asking for more bids.

The contract was awarded to the Gibbons and Reed company of Burlingame, whose low bid was $610,778. Wilson's estimate was $563,469.

The work is to be paid for jointly by the county, the Jefferson school district, and the Crocker land company.

The one and one-half mile extension is to be the first link of a road that will eventually extend from Daly City to Old Bayshore highway in Brisbane at the Crocker Industrial park.

SUITCASE STOLEN

Hugh S. Enochs, 64 Los Banos avenue, came tothe Daly City police station last week to report the theft of a blue canvas suitcase, containing miscellaneous books and clothes.

He said he was waiting at the bus stop at Knowles avenue and Mission street.

By LE PACINI

PRESIDENT KENNEDY must have been looking at Pierre Salinger when he said that American youth was getting soft.

At first we were taken back by the statement reverting to our childhood, when Charles Atlas had us convinced that the world was made up of three categories of youth—the 90-pound weakling (us), the big bully (the fat kid next door), and the big he-man.

The President's fitness committee, headed by some politician named, we believe, Wilkinson, laid out such an intensive campaign to get our youth "fit", that we half expected seeing J.F.K. on the back pages of girly magazines, depicted as a 90-pound weakling before P.T. heroics, doing Charles Atlas exercises on deck, and finally, biceps bulging, kicking sand in the eyes of huge Japanese soldiers.

But then, upon observing what was happening in physical education classes throughout the Jefferson Union High school district, and, we're given to understand, throughout much of California, our confidence in American youth was restored.

★ ★ ★

THERE'S A program—inspired by a statewide issue of a California physical performance test which charts standards of physical fitness at all age and ability levels—being carried on, designed to develop not only physical fitness, but physical skills, as well.

The difference, incidentally, between physical fitness and physical skill is the difference between one kid doing 50 pushups and another shooting 50 straight free throws.

The former is fitness, the latter is skill.

A growing philosophy in physical education now seems to engender the belief that fitness and skills should not be sacrificed one for the other, because they are equally important.

When you come to think of it, this makes sense. How could the world ever be advanced if people did nothing but go around doing 50 pushups, being too muscle-bound to dodge a right cross. Conversly, what good are 50 straight free throws if the guy tossing them gets winded after the first 10.

And what good would President Kennedy's fitness have done him, during his famed P.T. rescue operation, if he had been a lousy swimmer.

★ ★ ★

BUT GETTING back to the physical education program now in full swing in this area. Schools such as Jefferson, Terra Nova, Westmoor and Oceana are, with mild variations, adhering to the California standardized physical performance charts when giving the suggested state tests.

What makes us feel good is that physical education people in this district are generally tightening the requirements suggested by the state, and have rejected as "too easy" the charts and suggested tests which President Kennedy's own committee has made available.

Since Kennedy's committee based its averages on a national scope, it must then be assumed that California youth is better fit than the country's average youngster.

At any rate, the days of the old PE teachers throwing the bats and balls out in the playyard and watching the scramble have come to an end.

Physical fitness is now an exact science.

Certain tests are given the kids at the beginning, middle and end of each school year. Improvements are noted and grades are based on improvements, which, according to statistics, have come almost invariably.

Because of the system of grading on improvement, today's "90-pound weaklings" are now just as capable of getting A's as are the strapping athletes.

★ ★ ★

YOU NAME IT, and these kids can do it, everything from an exercise—believe it or not—called the "Four Count Burpee" (it tests both fitness and skill simultaneously), to the old fashioned rope climb, up through racing, jumping, kicking footballs, throwing softballs, back down to the more mundane pull-ups, situps, etc., and finally, to the old reliables; softball, basketball, and touch-tackle football.

Ironically, the schools in this district have all dabbled in isometric exercises. Terra Nova, in fact, has used them quite extensively.

This is ironic because isometric exercising is merely a euphemism for the old Charlie Atlas "Dynamic Tension" principle, wherein a person, in brief, pushes against his own muscles.

Isometric exercising will probably eventually completely take the place of weight lifting, which has also been used in this area, because hardly any equipment is required.

Girls, incidentally, are also going through a modified program of this type. The primary difference, we imagine, between the male and female fitness technique is that the girls are trained to ACT weak, as befits their eternal image.

★ ★ ★

IF EVER a new coach stepped into a tougher spot than did Terra Nova's Gene McKamey, we'd have to be shown.

First he found that he had only one first stringer, six lettermen, returning. Then he was handed a schedule which listed among its practice games three teams which were touted as the second best in their respective leagues (Oakland Tech, Capuchino and Riordan).

And then, before the practice season was concluded, he had four regulars wiped out on broken bones.

There now. Doesn't that make you feel better?

SSF Nips Colts; Westmoor Wins

Warrior Defense Sparkles

The South San Francisco Warriors will seek their third North Peninsula league victory in a row Friday afternoon when they meet the Oceana Sharks at Oceana.

The Warriors' defense shone brightly last week as South San Francisco turned back arch cross-city rival El Camino, 8-2. The victory kept the Warriors in a first place deadlock with Westmoor.

This second meeting between El Camino and South San Francisco since El Camino first fielded a varsity team last year proved to be as exciting as fans of the two schools had expected.

An unusual large array of penalties, fumbles and stubborn defensive platoons on both sides forced the contest to a standoff in the first quarter. No one came close enough to disturbing the 30-yard line chalk in the opening quarter.

South San Francisco broke the scoring ice with 2:05 remaining in the first half after Joe Del Carlo captured a loose El Camino pigskin at the Colts own 14-yard marker. One play later, signal-caller Larry Cervelli bolted off tackle and then leaped over a host of El Camino defenders at the end zone for the lone touchdown of the evening.

The Warriors held on to the 6-0 advantage at the midway point in the hard-fought battle but relinquished part of that margin with 6:00 left to play when a bad pass from center at the 16 forced punter Greg Jones to beat the ball just inside the end zone. Colt guard Ernie Tressitte stopped Jones from making any advance and the Colts were on the scoreboard with a safety.

South San Francisco added a safety to their scoreboard column with :12 seconds remaining to be played in the game when Del Carlo and a host of Warrior linemen dropped quarterback Mike Tyler in his own end zone.

A scoring threat posed by the Warriors one series earlier died at the Colt five-yard line. It ended on a fourth and one play at the five and was set up when Mike Ruiz blocked an El Camino punt.

ELSTON PACES WIN

Oceana Beaten By Rams, 32-13

By RON BATES

The Westmoor Rams, sharing the North Peninslua Football league lead with South San Francisco, will put a five-game winning streak on the line Friday afternoon when they host the Jefferson Indians.

The Rams won their fifth in a row last week with a 32-13 triumph over the Oceana Sharks.

Second string quarterback Mike Elston proved he could deliver the goods as he commanded the Rams throughout the game in place of injured All-NPL quarterback Bruce Hix.

Elston had help with power running by fullback Dave Mahoney, who bulled his way for 201 yards in 15 carries, and halfback Jim McHale, who ran 88 yards in nine carries.

The Rams gave a preview of what was to come after less than a minute of play, when McHale slanted across left tackle and went 68 yards for a touchdown.

Westmoor scored again five minutes later when Elston, son of former 49er lineman Arthur (Dutch) Eslton, found end Marc Mallinger alone on the three-yard line. Mallinger hauled it in and fell into the end zone.

On the first play of the second quarter, Elston completed the same pass play with end Mike Morrison for a 34-yard TD.

From then on, it was the Ram running attack which dominated the game, with Mahoney, McHale and sophomore fullback Al Rodriques taking turns in grinding out the yardage.

Oceana coach Jess Jones must have given his team a solid pep talk during halftime as the Sharks came roaring back at the start of the second half.

Oceana halfback Tom Summy took the second half kickoff on his own 20-yard line and ran it back to the mid-stripe. Seven plays later he cut through right tackle for 22 yards and a TD.

The final Westmoor TD came when powerhouse Mahoney rolled over right-tackle for 43 yards in the final stanza.

Indians Win First Game

Jefferson's football Indians, having found the magic formula for victory, will seek more of the same when they seek to upset hte Westmoor Rams at Westmoor Friday.

Last week, the Indians posted their first triumph of the season——including pre-league practice games — by dumping the Terra Nova Tigers, 25-12.

The win was the first for coach Joe McGrath's charges since last year when the Indians upended the South San Francisco Warriors, 26-20, in the annual Big Game between the two schools.

In losing, Terra Nova suffered its second North Peninsula league loss and its fifth straight defeat of the season overall.

The victory-hungry Tigers drew first blood following a fumble recovery at the Jeff 25 yard stripe. Two plays later, quarterback Marty Coil nailed end Dave Archabald streaking down the right sidelines for the counter. Archabald's PAT kick was no good.

On the kickoff following the Tigers' touchdown venture, Jeff halfback Leo Gotelli took the hide at his own 15-yard line and raced down the left side of the turf for an 85-yard return and the otuchdown. Jesse Bulatao's PAT run was thwarted.

A rich Cuadra aerial to Ron Sawyer, good for 35 yards, paved the way for the go-ahead tally for the Indians in the initial time period. The Injuns capped the 46-yard drive in four plays with a four-yard sprint. from the six. Bulatao's PAT run was again no good.

McGrath's charges added an insurance margin late in the second quarter when Bulatao capped a 48-yard drive in five plays with a four yard sprint. The touchdown was set up by a 34-yard pass from Don Fisicaro

Some Volkswagen owners look down on other Volkswagen owners.

When you graduate from a Volkswagen Sedan to a Volkswagen Station Wagon, you really step up in the world.

The Station Wagon stands a good foot taller than other cars. And holds more than the biggest conventional wagon you can find.

But the VW Wagon isn't only tall.

It's also short.

We saved 4 feet of hood in front by putting the engine in back.

Big as it is inside, it's only 9 inches longer than the Volkswagen Sedan.

So people who move up to the high-slung model still feel very much at home.

They park in the same little spots.

They still don't worry about freezing or boiling; the engine is air-cooled.

They still go a long way on a gallon of gas (about 24 miles) and a very long way on a set of tires (about 30,000 miles).

And it just tickles them to drive one Volkswagen and look down on a million others.

Westlake Bowl

SIX PROVED to be the magic number for **Roy Garcia** in the 805 Scratch league as he led the league for the week with a 666 series. Roy showed progress in each game as he started with 207, rolled a 217 second game and finished with a big 242 final effort.

Rick Birkett again proved to be as good a bowler as he is a secretary when he rolled a big 244 game to top the 815 Scratch league in that department. Dick's 600 series took second place as **Ron Chan** posted a 603 total for three games.

The Twilighters league found **Jo Martinez** leading the ladies with 167 and 461 while **Milt Jones** topped the men with a 187 game and 540 series.

Next Saturday will mark the first "social event" of the season as the Annual Costume No-Tap Sweeper and Dance will get under way at 7 p.m. After the completion of bowling, dancing will start at 9 p.m. and continue until 1 a.m. As in the past, there will be prizes for high scores and also for the best costumes.

Our Junior 900 team continues to lead the Sunday evening Junior Masters league and will be seen in action next Sunday at 6 p.m. against the Serra Bowl team on the Serra lanes. Spectators are always welcome to render moral support to **Phil Hargrove, Glen Hilton, Paul Biancalana, Jim Fisher, Bob Grout and Myron Williams.**

GAIL HULTGEN barely missed the two hundred mark with her 197 game but topped the five hundred level with 504 as she led the ladies in the Southgate Mixed Fives while **Ed Johnson's** 231 game and 593 series gave him leadership in the men's division.

A big 207 game and 568 series gave **Nellie Witt** bowler of the week honors in the Ladies 810 Classic league.

Fred Plowman made it two in a row as he led the Golden Gate Handicap league for the second consecutive week, this time with a 210 game and 586 series.

Chuck York rolled a booming 234 game and 608 series to take top honors for the week in the Canco league.

Gerry Clausen rolled a 201 game and **Terry Warde** a 464 series to lead the St. Emydius league as **Lorraine Renaldi** converted the 5-8-10 and **Mary Jo O'Toole** picked up the almost impossible 7-8-10.

Inter-Parish league leader was **Lou Sanguinetti** with a 222 game and 581 series while **Bob Belluomini** shot one pin better to lead the Country Club handicap with 230-582.

WELL IT'S broom riding time once again. Mine recently had a lube job and is already for the big night and away we go! The second annual Northern California Bowling Proprietors' association has started the eliminations for the Women's Team Handicap tournament from October 19, to January 12. **Sam Perrier** and **Pat Armstrong** can furnish all of the ladies interested with the necessary information. Sign up early!

League information: **Beth Randall** of the Yawner league had a turkey then came back for high series of 181-534. High game **Peggy Scholothan** 195. **Jim Buerke** led the 870 Sea Bowl Classic league for the high game and series with a 203-207-224-634. The Glamour Grammy's are the first league to have a hundred per cent sign up for B.V.L. High Series Grammy was **Bobby Shepard** and high game **Lee Nerli**. Bobby had a 175-478. Lee a 179.

Tuesday Trios: **Jim Kelly** had a big four game series of 825 and **Bob Peterson** had the high game of 226-756. This is Jim's first season on an adult league and I predict he will be one of our finest bowlers before long. Beachcombers: **Ernie Fox** 215-563. **Fred Lake** high individual game 222.

Aquanots: **Lydia De Britto** bowled her biggest game ever with a 181, this brought her 118 pins over average. High game and series honors went to sub for the day **Kitty Bonner. Clara Meadows** bowled the high game series of 213-551 for the Stardusters league. **Luther Swinney** seems to be the man in print each week with his great big games. This week he took all honors for the Pacifica Travelers with a 254-668. **Mac McDonald** had the high series of 213-605 for the Tavern league, **Howard Jensen** had the high game of 238.

Now in its seventh week of play, this is a very close league with Teams 2, 4, and 7 all tied up at 14 wins against 7 losses.

Louise Olcese led her Team 4 to a 2-1 victory over Team 8 in the Friarettes league this week to move her group higher in the league standings but the Eye Mist Again foursome continued its winning ways and now tops the loop at 17 wins and 7 defeats.

The Hits and Mrs. are still leading the race in the Morning Glories league with 11 wins and 4 losses, followed closely by Bill's Hancock, which took a 2-1 decision from Team 1 this week. **Betty Ishmael** paced the Hancocks and the league with a nice 178—467 trio.

Hazel White rolled the high series, a 160—465 total, in the Feather Dusters league's first week of play but saw her Team 6 drop a 2-1 decision to Team 5. Teams No. 2, 3, and 8 all won 3 games from their opponents to break from the wire in three-way tie for first place.

Carol Torrigino toppled a 172—503 series last week to lead the Little Giants to a 3-0 sweep over Team 7 and were able to hold a good-sized margin for first place lead, totaling 16 wins against only two losses.

In the seventh week of Rockettes league competition, **Bernice Fioresi** blasted a high game and series of 185—508 for the Alley Cats who salvaged one win against Team 5. The Up'n Comings now hold a three-game edge over the Good Timers for the league lead, tallying 15 wins and six losses.

Roberta Lahtinen's 155—445 was top score this week in the new Bowling Bags league rolling every Wednesday afternoon.

TOUCH FOOTBALL

Vikings Upset; Bucs Take Lead

Hard-fought action and an upset marked play last week in touch football leagues sponsored by the Daly City Recreation department. Here is a review of the games by league:

FIFTH GRADE

Jim Wyatt's PAL Pirates moved into first place in the league with a win over the BYA Renegades and a helping hand from the PAL Tigers. Jimmy McGill was the Pirate hero, scoring two touchdowns on runs.

With Teddy Gray and Jimmy Wyatt clearing the way, McGill rambled 45 yards for the first score and 20 yards for the second.

The Pirates got a surprise lift from the PAL Tigers. Meeting the favored OLPH Bugs after a loss to the Pirates last week, the Tigers took revenge on the Bugs and ruined their perfect record by downing them 12-0.

Bill McMenomy, Vince Haymaker, Smokey Morton and Steve Azzarello comprised what looked like the toughest defensive backfield in the league.

The Tigers came up with a new passing combination — Vince Haymaker to Damon Katz. They accounted for several long passes and two TDs. Steve Azzarello clipped off 40 yards on an intercepted pass to help the cause.

The Tigers, OLPH Bugs and the PAL Cougars are tied for second place with 2 and 1 records.

In other action, Mike Evans's PAL Cougars got the jump on the BYA Blues. Captain Kim Blake passed to Richard Manning for the first TD, then repeated for the PAT.

Ron Kruger's PAL Rams won by forfeit over the Holy Angels Lions.

SIXTH GRADE

Once again, the PAL Eagles proved their power by blanking the PAL Raiders 47-0. This win over the tough Raider team tabs the Eagles as the team to beat in the sixth grade league.

Eagle scoring was as follows: Butch Bonavito 45 yard TD run; Bonavito scored PAT on pass from Fred Balletto; Balletto ran 65 yards for TD; Bonavito ran 25 yards for TD; Balletto passed 50 yards to Herb Aceitano for TD; Balletto ran over PAT.

Albert Luzzi intercepted a Raider pass and went 80 yards for TD; Bonavito ran over the PAT: Bonavito ran 15 yards for TD; Bonavito passed to Larry Belfrage for PAT; Bonavito took a 25-yard pass from Balletto for final TD and Balletto passed to Belfrage for PAT.

The PAL Jets took the measure of the Holy Angels Colts, 12-0. Burros hit Mike Larios on a 25-yard pass play for the first TD. Later, Burros went 35 yards on a quarterback sneak for the final score.

SEVENTH GRADE

The Bender Roofing Cats came up with a big win this week. For the first time in some 20-odd games, the PAL Vikings fell before them, 2-0.

Hero of the week honors go to Mike Brown of the Cats. Mike tackled a Viking in the end zone just before the final gun for the safety.

This win gives the Cats an undisputed hold on first place with a 3 and 0 record.

George Ambrosio's OLPH Wildcats posted a tough win over the Holy Angels Titans 14-0. Mike Gugliemoni was the Wildcat star.

He plunged over for the first score from one yard out then ran over the PAT. He passed next to Ed Schwitzer for the second TD and passed to Tom Denning for the PAT.

FOOTBALL CONTEST
sponsored by The Post and The Times
Entries available every Wednesday in the Post.

RULES AND INSTRUCTIONS

1. Select the winner of each game by placing an "X" in the box on the margin side of the team you think will win. If you predict the game will end in a tie, place an "X" only in the column headed "Ties" between the two teams. If the game ends in a tie, credit will only be given to contestants who predict the tie.
2. Write the total net yards (rushing and passing) that you think the S. F. 49ers will make in Sunday's game in the box provided. (This estimate will only be used in case of ties between two contestants.)
3. Clip and mail the entry blank to:
FOOTBALL CONTEST
San Mateo Times
145 Second Avenue
San Mateo, Calif.
or to
FOOTBALL CONTEST
The Post
30 Park Plaza Drive
Daly City, Calif.
4. Mailed entries must be postmarked prior to midnight Thursday of this week and received at The Times no later than 9:00 A.M. Saturday. Delivered entries must be received at The Times no later than midnight Thursday, of this week. The Times is not responsible for entries lost, delayed, or destroyed or which fail to reach The Times.
5. To receive the cash prize the winner must pick all 15 games correctly. If the entry does not pick all games right, then the winner will receive 2 tickets to the Big Game, California vs Stanford on Nov. 23. The previous week's contest cash prize will be added to the next week's contest if it is not distributed to a winner. This cash prize will be given to the winner of the final week's contest for games to be played Nov. 16-17 if it has not been distributed before. The final week's winner will not need to guess all 15 games to win the cash prize. In case ties cannot be broken between contestants by means of the tie-breaker, the prize will be divided equally. (This includes ties between contestants who pick 15 winners.
6. A bonus of $50 will be given to each prize winner (not Big Game ticket winners) who is a home-delivered subscriber to The San Mateo Times or indicates immediate delivery of The Times is wanted. To qualify for this bonus, either of the boxes at the bottom of the entry blank must be checked. In the event, two or more subscribers divide the contest cash prize, the bonus prize will be divided in the same manner.
7. A contestant may submit as many entries as desired on the official entry blank but only one exact-sized facsimile of the official entry blank. Submission of more than one facsimile in any one week will render all facsimiles submitted by that contestant void.
8. Entries may be attached to a post card, mailed in an envelope or delivered by hand to the office of The Times.
9. Anyone may enter the contest except employees of The Times or immediate members of their family.
10. The decision of the judges is final and all contestants agree to abide by the judges' decisions. All entries become the property of The Times. No answers may be returned. Bovine Curiosity

PUBLICITY MAN'S DREAM—When an unusual photo montage like this flops down on the city desk, the editor just has to look twice. The story? It's also a montage: 1. Walter Rodman, manager of the California Beef council, is plugging hte current Grand National livestock show which runs through November 3 at Daly City's Cow Palace; 2. The diminutive vehicle in the picture just happens to be a Volkswagen sold by Daly City Volkswagen; 3. The local VW outlet will be one of 15 exhibitors displaying 1964 automobiles at the Seventh Annual Westlake Auto show November 13-16.

Juniors Plan 'Pigskin Caper'

"Pigskin Caper," the Junior Class Victory Dance, will be held Friday, following the Westmoor versus Jefferson football game.

Two goalposts, one Westmoor's green and white, the other Jeff's blue and gold, will adorn the Westmoor cafeteria, as the motif of the dance will be the hopeful Westmoor victory over Jefferson.

Sharon Marshall heads the decoration committee — assisting her are Rhona Hoffman, Sharon Fields, Judy Jensen, Sue Haley, Gary Wechsler, Tom Simmons, and Elsie Tayton.

Janet Boitano, Virginia La Chante, Sue Wiard, Karen Miller, Julie Kuert, Trudy Josselyn, Jackie Lutz, Cindy Travinsky, and Bonnie Goldberg are also helping to decorate.

In charge of refreshments is Mary Messier, while Sue Waters handles the publicity, assistants Linda Ransom, Linda Hodgskiss, Pam Kulberg, and Alice Cantwell.

Junior class adviser, George Simon, has been working with the students on their dance.

Thursday Was A Bad Day

Thursday was just not a good day for Paul Padilla of 659 Florence street in Daly City.

Padilla reported to Daly City police around 6:30 p.m. that someone forced open the door to his living room and removed $210 from a strong box.

After reporting the theft, he went to the Serra theater to relax. When he left at 10:45 p.m., he discovered someone had stolen his car.

Art Guild Tours State

Superseding the old Liberal Arts guild at Westmoor is the Associated Arts headed by Cal Costa. Julie Clevenger acts as vice president while Jane Wilson acts as secretary treasurer. Program chairman is Kathy Seltenrich, and faculty advisers are Selwyn Jones, Brooks Darrow, and Miss Charlotte Lee.

Holding meetings every Tuesday, the club offers all its members the opportunity to paint, make pottery, sculpture and make jewelry. Discussions centering around the fine arts and field trips are also activities.

San Francisco State college was the site of a tour made by Associated Arts on Tuesday, October 22. Ralph Putzker showed slides and lectured on perception. Street scenes with a repetition of telegraph poles and buildings, pebbles, shells, and waves on the sand, as well as gull droppings on the side of a building showed how the eye of the observer is important in perception.

School Holds Hootenanny

Sounds of folk music are being heard everywhere and Westmoor High school is no exception.

Westmoor held its first Hootenanny on Oct. 18. Folk singers from San Francisco State college and Westmoor participated in the one-hour song fest.

The show, under the direction of Vic Dubins, a San Francisco State singer and guitarist, offered a chance for all students to sing.

Bringing culture with him was another San Francisco Stater, Nathan Zachtem, who performed some Jewish folk songs.

70 Students See Workshop Production

Viewing the Actors' Workshop production of "Taming of the Shrew" were 70 members of the Drama club, Fine Arts club, and guests from various English classes.

Commenting on the production, drama teacher Robin Jackson stated it was "an excellent performance . . . colorful and lively."

Jackson said that the outstanding performances were those of Ray Fry and Irving Israel.

Reviewing the cutting of the play, Jackson remarked that the play had been performed almost in its entirety although some acts had been combined to shrink the play from five acts to two.

The performance also retained the bawdiness of the play, he said. The production was also balanced and well adapted to the stage.

Opinion of the students seemed to agree with Jackson's, however, some dissenting opinions were heard. Senior Diana Stipelkovich, who had seen the Actor's Workshop production of Twelfth Night last year, felt that the comedy "Twelfth Night" was better.

Toastmasters Officers Set

David Sumbardo, administrative assistant to the City Manager of South San Francisco, was installed as president of the Daly City Toastmasters club. He replaces Merlin Porter.

Other officers of the club are: Marshall Bloss, educational vice president; Robert Hatton, administrative vice presient; Ron Bates, secretary; Robert Evans, treasurer, and Milt Hinman, sergeant at arms.

The club, designed to give a person practice in public speaking, meets every Thursday at 7 a.m. in the Westlake Library.

Alec Official Gets Position

W. P. Fuller III, Stanford PACE Bay Area chairman, has announced the promotion of George S. Reppas to assistant Bay Area chairman.

The Stanford PACE program is now on the last $10 million leg of a $100 million program and is entering the final period of its drive. Reppas will be involved primarily in working with the 2000 PACE volunteers in the Bay Area.

Reppas is immediate past president of the San Francisco Junior Chamber of Commerce and currently serves on the board of directors of the San Francisco Chamber of Commerce.

He is a vice president of the Alec Membership Shopping centers and a partner in the CPA firm of Reppas & Bradshaw. He resides at 1030 San Raymundo drive, Hillsborough.

Sermon Topic Is Announced

"Look ad Live" is the topic of a sermon to be given by the Rev. A. David Donnelly, pastor of Westside Baptist church, at an 11 a.m. service Sunday at the church.

In the Sunday school program, the church has been victorious in the past two weeks in a "Win With Christ" contest wilth other Bay Area churches.

At an evening Gospel hour at 7 Sunday night the ordinance of the Lord's Supper will be observed in a candlelight service.

At 9:30 this morning, women of the church will meet with other Bay Area church Baptist women for their annual Women's Missionary society rally at the Fairway Park Baptist church in Hayward.

The mid-week prayer and Bible study hour will be at 7:45 tonight at 442 Helen drive, Millbrae.

Monday evening, the Men's brotherhood of the Bay Area conference churches will sponsor a Men's Brotherhood rally at the Lakeside Baptist church in Oakland.

PTT Pays Most Taxes

Pacific Gas and Electric company has lost its position as the Pacific Telephone and Telegraph company.

County Tax Collector Ross Conti reported last week that a computation of the utility firms' tax bills shows that PT and T has passed PG and E by nearly $45,000.

The total tax bill for 1963-64 of PT and T, Conti said, is $3,077,667, compared with $2,932,680 for PG and E. This, he pointed out, includes taxes on all of the firms' properties in San Mateo and Redwood City, which collect their own taxes.

Until this year, the tax collector said, PG and E had always been the largest taxpayer. But in the past year, PT and T's taxes went up $362,105 while PG and E's increased only $170,308.

'Flightseeing' Movie Planned

The Westlake Travel Centre will present a film, "Flightseeing Through Europe," at 8 tonight in room 7 of Westmoor High school.

Countries seen in the film include Israel, Portugal, Ireland, England, India and Greece. The program will be open free to the public.

FENDER SKIRTS TAKEN

Joe Narcisse of San Francisco reported to Daly City police over the weekend that two chrome fender skirts had been stolen from his auto while it was parked in the Westlake Shopping center.

Save Surfers On Coastside

Pacifica firemen treated two surfers for shock and exposure Friday afternoon when the pair finally fought their way through strong currents to the beach. Both are hospitalized and reported in "good" condition at Peninsula hospital.

The duo were Frank C. Wigham, 33, of 78 Hillcrest drive, Daly City and Vasco G. Fernandez, 1242 Peralta drive, Pacifica.

One of the men had been knocked from an air mattress by a wave, and the other swam out to rescue him, but both were prevented from returning by the current.

They were part of a group of seven swimmers.

AERIAL BROKEN

Rigo Zaravantes of San Francisco reported to Daly City police that an aerial had been broken on his auto, parked at Calgary street and Geneva avenue.

Lighting the Way

COUNCILMAN EDWARD DENNIS points to a lighted house number on Teresa street. He and two neighbors, Joseph Perrone, right, and Thomas Starkovich, purchased lights for all their neighbors. Battalion Chief Wayne Alexander praised the move for its help to the fire department in responding to emergencies. (Post-Times Photo.)

Helping to Find a House

Councilman Edward Dennis and two of his neighbors, Joseph Perrone and Thomas Starkovich, initiated a unique project last week, which fire department officials in Daly City have praised.

The three men bought lights for house numbers along Teresa street and helped their neighbors change any lights that were burned out.

Battalion Chief Wayne Alexander said that although all fire department vehicles have spot lights, it is extremely difficult at night to pick up house numbers when responding to emergencies.

It is necessary to slow down to see the numbers, he said.

Post Office Issues Early Mail Warning

The period November 1 to November 20, has been designated for the mailing of Christmas parcels by surface transportation to overseas points and to members of our Armed Forces, Postmaster Vincent P. Murphy said last week.

Airmail parcels to overseas points may be mailed from December 1 to December 10, and greeting cards, assigned to foreign points should be mailed during the mailing dates for parcels, if they are to have a reasonable expectation of delivery prior to Christmas, the postmaster said.

The long sea transit involved in sending parcels, customs technicalities and other formalities that parcels may be subjected to at countries of address require early mailings to avoid disappointment, he said.

All stations of the Daly City Post Office will assist you with any information required, Murphy said.

Red Cross Cites Need For Coastide Drivers

Car Six needs a driver—nine or 10 drivers, in fact.

At the present time eight Coastside residents are keeping Car Six rolling for the Red Cross motor service, but more drivers are needed as replacements during vacations, on weekends, and on special emergency calls from the Coastside Region, Red Cross, at 600 Palmetto avenue, Pacifica.

The station-wagon already has 5000 miles on it since March of this year, according to Mrs. Gene Borzick, chairman for motor service, and has made 150 trips to UC hospital, San Mateo County General hospital, Mt. Bion hospital, local clinics, and inland clinics for speech and therapy treatment for both children and adults when requested by other United Bay Area Crusade agencies.

Presently driving for Red Cross are: Mrs. Charles Geiser, Mrs. Cyril Beaumont, Mrs. Dalton Howatt, Mrs. Baron McLain, Mrs. Edward Beauvais, Mrs. Edward Terry, Mrs. Chuck Krake, Mrs. Arnold Turner, Mrs. Edward Davis, and Capt. Ed Girdler, Pacifica fire department.

Drivers must be over 18 and under 65, have a California drivers' license, and pass a local driving test. They must also be in good health, Mrs. Borzick added. Further information is available from Mrs. Borzick at 359-0589, or Coastside Red Cross, 355-4194.

Louanne's Datebook

By Louanne Heath

MANY, MANY people are devoting untold hours to the drive for the Mary's Help building fund and it is difficult to single out certain persons for special recognition but there is one volunteer whose story should be an inspiration to everyone.

A few weeks ago **Mrs. Anne Murphy** used this column to express her thanks to the hundreds of people who had prayed for her and sent her words and tokens of encouragement after she had suffered a triple heart attack. Today her name is in the news as one of the leaders in the fund drive being organized in the St. Francis Heights area by the Mary's Help Nurses alumnae and their helpers.

The story of Anne Murphy is one of selflessness, courage and valor and it stretches from St. Francis Heights to Greece, where her work with children suffering from glaucoma attracted the attention of King Paul.

Even though she has been told by her physicians to slow down her busy pace, Mrs. Murphy is so determined to have a part in making the Mary's Help fund drive a success that she has thrown herself into the project with tremendous vigor.

"We are going to stage a march in this section on November 11 that will completely canvass the area. We are having badges made to identify the youngsters who will be marching, we will have a balloon up over the shopping center to remind people to be ready when their door bell rings, and there will be a big thermometor to keep everyone aware of our progress," Mrs. Murphy explained with enthusiasm.

"There have been meetings with educators, clergy and civic leaders to enlist the support of the entire population and last evening we had a big gathering of all the volunteers to discuss the march.

Federal Judge George B. Harris and **Sister Hermine**, the administrator of Mary's Help attended the rally and I am sure they inspired everyone with their dedication," said Mrs. Murphy whose dedication to helping others seems to spring from within.

Anyone from school child to senior citizen who is interested in helping with the day-long march on November 11 should contact Mrs. Murphy, WY 2-3718, **Thomas Noonan**, PL 6-0762, **Dolores Leonard**, PL 6-4189 or the Nurses Alumnae, LO 4-0643.

Sugar 'n' Spice

By Nell Norton

TOMORROW NIGHT is Hallowe'en and the windows of many homes will have a lighted Jack-o-Lantern in the window and a bowl of candies by the front door to pass out to the little trick 'n' treaters. Which is as it should be, but how about a treat for the aduls? After dad comes home from the long walk around the blocks with the little ghosts and goblins, wouldn't a good hot cup of coffee and a piece of pumpkin pie be a nice treat?

Pumpkin pie is a natural for this time of the year, and we have two different recipes to share with you good cooks. The first comes from Mrs. Jo Ellen Lawrence, 94 Baldwin avenue, Daly City, and she tells me that she particularly likes this chiffon pie after Thanksgiving dinner, for it's so light and airy.

PUMPKIN CHIFFON PIE

3 egg yolks
½ cup sugar
1¼ cups cooked or canned pumpkin
½ cup milk
½ teaspoon salt
½ teaspoon ginger
½ teaspoon cinnamon
½ teaspoon nutmeg
1 tablespoon (1 envelope) unflavored gelatin
¼ cup cold water
3 stiff-beaten egg whites
½ cup sugar
1 9-inch baked pastry shell

Beat egg yolks and ½ cup sugar until thick; add pumpkin, milk, salt and spices: cook in double boiler until thick. Add gelatin softened in cold water; stir until gelatin dissolves. Add egg whites beaten with remaining ½ cup sugar. Pour into cooled baked pie shell and chill. If desired, top with sweetened, whipped cream.

☆ ☆ ☆

away the can (with the recipe on the label) and now had the rest of the pumpkin and no idea of how to make the pie. Fortunately I'd cut the label off the can and was able to pass on the directions. So if you make this pie and like it, cut out this recipe and file it, so you won't be caught without the recipe.

PUMPKIN PIE

2 eggs slightly beaten
1 No. 303 can pumpkin (that's approximately 2 **cups)**
¾ cup sugar
½ teaspoon salt
1 teaspoon cinnamon
½ teaspoon ginger
¼ teaspoon cloves
1 2-3 cups evaporated milk, top milk or light cream
1 9-inch unbaked pastry shell

Mix ingredients in order given. Pour into pastry shell. Bake in hot oven (425 degrees) 15 minutes. Reduce temperature to moderate 350 degrees and continue baking 45 minutes or until knife inserted in center comes out clean.

SINCE tomorrow is going to be such a busy day maybe a casserole would be a good idea. This casserole surely fits into the budget nicely, using green peppers and tomatoes, both good buys and hamburger.

HAMBURGER CASSEROLE

1 medium onion
2 green peppers
¼ cup shortening or salad oil
1 pound hamburger
2 teaspoons salt
¼ teaspoon pepper
2 eggs
1 can (1 pound, 1 ounce) whole-kernel corn
4 medium tomatoes
2 tablespoons butter or margarine
½ cup bread crumbs

Start your oven at 375 degrees and grease a 2-quart casserole or baking dish. Peel and chop onion; remove seeds and ribs from peppers and cut in chunks. Cook both vegetables in melted shortening or oil until onion is limp, then stir in hamburger and continue cooking until meat is brown and crumbly.

Remove from heat, cool slightly and stir in salt, pepper and eggs thoroughly. Spoon half the mxture into the greased casserole, cover with drained corn, arrange half the tomato slices over corn and spoon remaining hamburger mixture on top. Cover with the rest of the tomato slices. Melt butter or margarne in a little pan, stir in bread crumbs and cook until crisp and golden. Sprinkle over top of the casserole and bake 30 minutes. Serves 6.

I CLAIM no originality for this second pumpkin pie recipe, for it came off a can of pumpkin. Pumpkin pie is a favorite in my home and this is by far the best basic recipe for pumpkin pie I've found.

Last Thanksgiving I received a frantic call from a friend who had used half a can of pumpkin, thrown

THE PRINTER got so interested in the recipe for salmon croquettes which was printed two weeks ago he started punching the wrong keys. Here's the correction:

SALMON CROQUETTES

1 can salmon (one pound)
MILK
¼ cup butter
2 Tablespoons minced onion
1-3 cup flour
¼ teas. salt
¾ teaspoons Tabasco or pepper to taste
1 Tablespoon lemon juice
A cup, approximately, packaged bread crumbs

Drain liquid from salmon into measuring cup. Add milk to make a cup of liquid. Melt butter in saucepan. Add onion and cook until tender, but not brown. Blend in flour, salt and the hot sauce or pepper. Add milk and cook, stirring constantly, until thickened.

Flake salmon and add to sauce with lemon juice. Stir in ½ cup corn-flake crumbs. Refrigerate until chilled. Divide into eight or 10 portions and shape into cones.

Roll in remaining corn-flake crumbs to coat well. Place on greased baking sheet and bake in hot oven (400 degrees) 20 to 25 minutes, until golden brown. Serve with tartare sauce.

Westmoor College Night Set

To be held in the Westmoor High school Little theatre on November 5 is "College Night," an evening when interested parents may become acquainted with facts and figures pertaining to higher forms of education.

A booklet will be given to parents discussing college entrance requirements, scholarship information, how to apply to college, the value of a college education, and loan funds.

Margaret Riggs, dean of girls, will speak on how to choose the right college, the advantages of various colleges pertaining to individual interests and vocational aspirations, differences among state colleges and state universities, college entrance examinations, test dates, and cost of college.

Supplying additional information will be Clayton Kollmann, dean of boys. He will cover problems concerning loan funds, scholarships, and how to finance a college education.

Starting at 8 p.m. and lasting until 10 p.m., the evening will provide an opportunity for parents to ask questions concerning the future education of their child.

Club Plans Swim Party

Friday night will be a big swimming party night for members of the Imperials Junior High Teen club, which meets regularly the first and third Fridays of each month at the War Memorial Community center.

The event will be held at the San Francisco YWCA. Buses will leave the center at 6:15 p.m. for a 7 to 9 p.m. swimming session.

As their regular meeting site will be closed for preparations for a teen carnival, officers and recreation advisers decided to sponsor the swimming outing.

Open to members only at a cost of 50 cents, the trip is limited to the fist 70 members who turn in their money by a deadline today.

Two Teachers Debate Revolt

Whether or not the British colonies in America were justified in their attempt to revolt against the mother country was the question formally debated by Westmoor High school history teachers Alvin Wolf and Donald Dunning.

Speaking in the school's Little Theatre, which was filled to capacity with history-minded students and teachers, Wolf first pleaded the case of the suffering colonies desirous of freedom.

In return, Dunning upheld the position of England, whose people felt they had the right to keep their American possessions in hand.

Brief dissertations by each explaining respective positions were followed by a heated question and answer session between the two debators.

BETHLEHEM LUTHERAN

Church Picks Fairmont Site

Bethlehem Lutheran church last week made an agreement with Henry Doelger Homes to purchase a church site in the Fairmont development in Pacifca, according to Rev. George S. Johnson, pastor.

The final decision was made at a specially called congregational meeting held on Sunday, October 20, and the signing of papers took place in Doelger's office in Daly City on October 23.

For 12 months the church has been searching for property but with no success. Seven possible sites were explored.

According to Pastor Johnson, most large land developers are very hesitant to allocate any land for church sites. Bethlehem had hoped to locate a little further south.

After several weeks of negotiating the congregation voted 47-4 in favor of locating in Fairmont, and the Doelger firm was ready to sell to them.

Warren Gilbert of San Jose has been named the architect, and plans are now being prepared for the construction of a first unit on the corner of Hickey boulevard, and Beachview street, in Pacifica.

OLM Men's Club Meets

Westlake Catholic Men's club will hold its regular monthly meeting Tuesday, in the parish hall of Our Lady of Mercy church at 8:15 p.m., Dick Hoedt, club president, has announced.

Featured speaker at the meeting will be the Rev. Father Bradstreet, S.J., of the Jesuit Retreat house, El Retiiro, in Los Altos, who will discuss the facilities of the retreat house and answer any question members may have regarding their participation in the club's annual retreat at El Retiro which will be held in January.

Teenager Asks . . .

By JOE BAVARESCO

Dear Mr. Bavaresco:

Last week a terrible thing happened to me. I was visiting my aunt and she slipped and told me I was an orphan. She felt awful about it. My parents, I guess my step-parents, don't realize I know. Shall I tell my parents I know, or keep it to myself? I suddenly feel so lost and alone. What shall I do?

Alone

Dear Aone:

You signed your letter wrong. You should sign it fortunate—yes, fortunate. First, because two people thought enough of your to give you their name in adopting you. Second, because they love you enough to care for your happiness and welfare, which is no easy job.

It's too bad you had to find out the way you did, but there's nothing that can be done about that. No, do not tell them you know. It would hurt them too much. I'm sure they planned to tell you, when they felt you were ready to understand.

You know, it's pretty difficult to explain.

I hate the word step-parent. Stop using it when you refer to two people who have cared and loved you. Perhaps your parents should have told you.

This is a mistake on their part. But to throw it at them now can do more damage than any good. Don't upset your family. Try to be understanding and patient.

I've written a poem for you. It kind of sums up a lot. I hope t will help you too understand:

Of all the terrible things on earth,

The worst, is no parents upon your birth.

The world is so big, and you are so small,

And there's no one there when you cry and call,

Then God's miracle, you're adopted and so glad,

And proud to have a mom and dad.

So don't feel pity or feel neglected

You didn't just happen, you were selected.

Dear Mr. Bavaresco:

I am 16 years old. I knew a boy in high school who is now is in the service and my parents are upset because I am dating a man in uniform. They say it looks bad. He is a real nice guy but they haven't even met him and they already condemn him. What can I do?

D. J.

Dear D. J.:

Boy! That's really something. Your parents really need a talking to. Since when do uniforms degrade a man? They should be proud that their daughter is see with a man in our country's service.

Let them know that the armed services are making and producing men and better citizens out of young boys.

Tell them the armed services do not just take any Tom, Dick or Harry who signs up—as most people think.

Ask your recruiters. You find young men must past a rigid test as well as be of good moral character.

I'm glad there are only a few who feel the way your parents do, especially after World War II. Remind your parents our President once wore a uniform, and he hasn't done so bad.

I would suggest you ask your parents if you can have him over for dinner so they can get to know him. If they say no, then spend one of your dates with him at home and then when they talk with him, they will feel better about your dates with him.

Parents try to protect their children. It's natural but some parents over do it. But if they meet him, they feel a little less fear. Give it a try!

No Red Church In Daly City

Dear Church-Goer:

No, there isn't a Communist Baptist church in Daly City! Nor is there ever likely to be one.

We regret, however, that through a printer's error, we so identified the Westlake Community Baptist church in these columns last week.

THE EDITORS.

Rev. Otto W. Henn is the organizing minister for the new church whose parish is bounded by Westmoor avenue on the north and Junipero Serra boulevard on the east.

Covenant parish is a new church development project of the north coastal area of the Synod of California, United Presbyterian church.

A church site for the new congregation has been purchased along Hickey boulevard in Fairmont, the new Doelger development in Pacifica.

The assignment for this location was made to the Presbyterians by the Northern California-Nevada council of churches under comity agreements.

Broadmoor In Cleanup Saturday

The Voyagers Mariners of the Broadmoor Presbyterian church will sponsor a clean-up day in and around the church building Saturday from 10 a.m. through the early afternoon.

Service projects are typical of the purpose of this organization for married couples, a local "ship" of the National Presbyterian Mariners.

The purpose, according to Pastor Herbert Tweedie, is "a safe journey on the sea of matrimony with Christ as the Pilot, the Bible as the Compass, and the Church as the Anchor." Service projects are known as "carrying cargo."

Other current projects are serving refreshments at the Friendly Times held monthly on the first Sundays after the 9:30 and 11 a.m. worship services. This the Mariners couples do every other month, alternating with the board of deacons.

Another project is the promotion of the use of the church library along with the sale of 50-cent paper back religious books under the chairmanship of Stuart and Ruth Hoppin.

The Mariners also arrange and lead the Sunday worship service on a Sunday in August each year when Rev. Herbert Tweedie, pastor, is on vacation.

Officers of the local group are Bill and Dale Powers, skippers; Dave and Dorothy Edwards, first mates; Stuart and Ruth Hoppin, yeomen; Bill and Jane Filkins, pursers; with other couples being lockouts, chefs and chaplains.

Meetings are usually held the first Saturday evening of each month with either dinner or dessert. Couples interested in association together in the purpose of the Mariners are cordially invited to contact any of the officers, Rev. Tweedie said.

Mrs. James Hamilton, association president, has announced that the agenda for the business session will include a report by the chairman of the nominating committee, Mrs. H. C. Suenderman, and a dedication of the Fellowship of the Least Coin by Mrs. T. T. House.

Plans Near Completion For Carnival

Slated for November 2-3 in the War Memorial Community center, the carnival will have booths, games and attractions for the entire family.

Hours of operation on Saturday, November 2, will be 12 noon to 10 p.m. and 1 to 5 p.m. on Sunday, November 3.

A five foot high teddy bear will be raffled off as one of the feature attractions of the event.

Other attractions will include a cake walk, dime pitch, fish pond, fortune teller, sponge throw, cartoon showing, cartoonist, a seven wonders of the world museum, plus a variety of skill booths, and a jam packed refreshment stand.

Large stuffed animals, novelty items, games and adult geared prizes have been obtained for those winning in the various skill and chance booths.

Westmoor Whirl

By SHEILA STAVISH

THE MOST diligent Westmoorites may be the mathematically minded members of the formidably frustration-triggering trigonometry class. Trig students' worries consist of misplacing vectors of polar co-ordinates and their $11.50 college textbooks. Those taking algebra and geometry are very much in awe of their peers who belong to this mathematical mystique, mainly because they are not quite certain what trigonometry is.

Fourth year French students no doubt feel that the Spanish way is better, as they study and translate El Cid from their literature books, while Los Amigos of the Spanish club will learn the romantic tale by viewing the movie this evening.

LUNCH MUSIC, consisting of recordings of the current rock and roll hits, has a marked consumption. Resounding loudly throughout the cafeteria, the raucous tunes induce lunchers to unconsciously chew to the beat. The faster tunes do not facilitate digestion.

Rams who shudder at the memory of seeing the sanguinary film **The birds**, squirm slightly in their seats at the sight of a cluster of the winged creatures on the Westmoor lawn. Common sense dictates that the author of the gory tale had merely an overzealous imagination, but those beady eyes . . . and all these windows . . .

★ ★ ★

ANY FURTHER attempts to break the rule of buying only for oneself at the snack bar will be thwarted by observant cafeteria workers. Orders for two bags of potato chips, ice cream, cookies, and a couple of pies were filled without suspicion. But some students' demands for three to four pints of milk did not seem possible for a single teen-ager's consumption.

Scores would seem predictable as coaches act as officials as well as players to even up P.E. football teams. Boys fostering hidden aggressions can take out their grievances against instructors wth a spirited tackling.

Westmoorites w'll cavort to the "Pigskin Caper," the second dance of the year, Friday night. This is the traditional victory (or consolation) celebration to fete the Ram eleven following the game with the Jefferson Indians.

AID TO TEACHERS

Citizen Assist Plan Outlined

A program to bring lay persons and professional and civic leaders into elementary classrooms to augment teachers' instruction in the Laguna-Salada elementary school district in Pacifica was outlined for trustees by Superintendent of Schools Frederick E. Lucas last week.

Lucas said members of the local chapter of the American Association of University Women last summer began preparing and distributing questionnaires among local civic, service and fraternal groups to determine special skills of local residents that can help in local classroom instruction.

After special skills, such as experiences in foreign countries, hobbys, handicraft skills, experience in public speaking of local leaders is determined Lucas said a list will be prepared of such citizens to be drawn upon by teachers in their classroom instruction.

New List

Lucas reported he hopes to have the new list on file in the district's new instructional materials building in about two months. He added it should be of special help in this year's district's teaching theme, "Know Your Community."

It was reported that district cafeterias showed a $1093 loss during the first 14 days of school operation.

It was explained that even though the loss is greater than in previous years, a loss can be expected during the first month of operation because children do not usually use cafeterias during the first two weeks of school, especially during good weather.

In addition, the district had additional expenses in establishing a new cafeteria at Cabrillo school and starting the year's cafeteria operations.

Lucas said when the loss is divided among all cafeterias in the district it is not too bad, and should be made up later this year.

Trustees approved final escrow instructions for obtaining the remainder of a new school site of 10 acres on the Pitto Brothers ranch to serve the new Willowbrook Estates subdivision in the future at a cost of $32,900.

Some 40 acres had been previously acquired. The large area was needed, it was explained because of a hilly area and because of severance damages.

It was reported that 15 acres will have to be obtained in the new Fairmont No. 3 subdivision to get eight acres of usable school property. Lucas and Assistant Superintendent John Munt were instructed to continue negotiations with the Doelger Development company to lower the level of the school site to equalize cut and fill operations.

Lucas reported a new six classroom addition at Pacific Heights school was opened and a similar addition at Westview school is being opened. He said all classrooms are already filled.

The board authorized the purchase of $10,000 worth of furniture for both additions last week.

Pacifica Home Hit By Vandals

Pacifica police are still attempting to assess the amount of damage done by three youngsters who broke into an Inverness drive vacant house and splashed paint and varnish throughout every room.

The three boys, 10, 11 and 14, were picked up for questioning last week after the case of vandalism, one of the worst in the area, was reported by a neighbor, Nayon King of 483 Inverness drive.

Officer Ray Karczewski said when he arrived at the home, owned by Bernard S. Rogard, 860 Paloma drive, Burlingame, he found the following:

Entering the garage, Karczewski said he found various paint stains smeared on the concrete floor of the garage and on a door leading into the kitchen.

In the kitchen, he discovered brown and white paint had been poured on the linoleum floor, brown paint had been smeared on walls and on the kitchen windows, and varnish stain had been spilled on a formica sink top and down the drain.

In the living room, Karczewski reported paint and brown varnish had been smeared over the floor and on all the walls. Four walls of the master bedroom were smeared with paint, as were three walls of a closet and the closet door.

Each of 13 steps leading to an upstairs bedroom had been smeared with white paint, and paint covered the floor and tile walls of a bathroom, where paint had been poured down the drains of the sink and bathtub. Windows here had been smeared with brown paint.

Brown paint and varnish had also been smeared over the walls of a rear bedroom.

Under questioning, the youthful trio admitted entering the home through an unlocked rear door. They said it was so dark when they entered they had to ignite a rag for light.

County Gets Hiway Funds

Highway users taxes amounting to $35,655,692 were apportioned among the state, cities and counties during September, State Controller Alan Cranston has announced.

San Mateo county's share was $196,577.

Cranston said the total represented a 7.6 per cent increase over the figure for September of last year.

The split was as follows: $23,942,671 to the State Highway fund for expenditure on highways, $3,262,447 to the State Highway fund for the cities, and $8,450,574 to the counties.

The amount distributed was derived from these sources: gasoline tax: $31,319,494; diesel fuel tax, $2,510,989; by transfer from the Motor Vehicle Transportation Tax fund, $1,824,635, and the balance from other sources.

BATTERY STOLEN

John W. Chai of 170 Third avenue, Daly City, reported to police over the weekend that a 12-volt battery had been stolen from his auto.

Boy Falls from Second Story

A 3-year-old boy was injured slightly yesterday when he fell from a two-story window of his home at 87 Belhaven street in Daly City.

Ricky Neff was taken to Alemany Emergency hospital where he was treated for cuts on his scalp and a bruised shoulder.

WINDOW BROKEN

Daly City police reported over the weekend that vandals had broken a window in the new Panorama school under construction in Southern Hills.

High Level Conference

A KEY ROLE—Daly City Mayor Joseph J. Verducci (center) played a key role in the convention of the League of California Cities in San Francisco last week, shaping plans for improved civic leadership for the state's growing communities. Verducci, who serves as second vice president of the mayors and councilman section, is pictured conferring with John B. Bergin (left) of Riverside, newly elected president of the league, and State Controller Alan Cranston, a featured speaker at the annual convention.

$12.8-Million Bond Issue Planned for CSM in 1964

A $12,800,000 bond issue will be sought early next year by College of San Mateo trustees seeking to build north and south campuses and buy a site for a fourth before the new central county College Heights campus is entirely outgrown.

College President Julio Bortolazzo said Thursday the bond election would have to be between January 7 and 14, though the date has not yet been set.

He said the proposed bond issue would cost taxpayers less than 8½ cents taxes per $100 assessed valuation.

The combined tax rates of the new bond issue, and the one approved in 1957, he said, would total less than the 11 cent rate approved by the voters at that time.

Major Revision

Outlining a major revision of the district's master plan for growth, Bortolazzo said new buildings are going to be needed soon at College Heights to meet expected increases and that a $7,000,000 north campus will have to be ready by the fall of 1966. A $7,000,000 south campus would be needed by 1967, he said.

Some $3,000,000 is on hand from the sale of the Delaware campus, he said, and another $12,800,000 will be needed to complete the present campus, build the two new ones, and buy a site on the Coastside for a fourth.

He pointed out that the College Heights campus has a capacity now for 6500 day-time students, but expects 7000 by next fall. In 1965, the student population should increase to 8000, he said, and in 1971, the probable enrollment would be 10,000.

Set for the expansion on the new campus are an additional academic classroom building, a faculty office building, and completion of the projected horticultural unit.

Need Stressed

Bortolazzo said a decision to build a state college in this county would not make the need for additional junior colleges any less. Such an institution would have little or no impact on lower division enrollment before 1968, at the earliest, he suggested.

Another factor urging speed in creation of the new campuses is the traffic problem at College Heights, he said.

Spending $834,000 on College Heights improvements now, would make the central campus capable of handling 8000 students, he said. Each of the new sites would be designed to accommodate at least 2000 students during the first year after opening.

Bortolazzo said the date for the proposed bond election is regulated by state laws and must come 75 days after the trustees adopt an "order of election."

The bond issue could be combined with a state-wide ballot he said, or it would have to fall between January 7 and April 14, or be delayed to the time between July 21 and September 15.

Accepting Bortolazzo's report for further study, the trustees requested additional information on financing and taxes and will consider the issue again November 20.

Homecoming Queen

CAROL CHONG
From Hillsdale

MAUREEN COLLINS
From Westmoor

DC Girl Second in Contest

Carol Chong, a spritely freshman sponsored by the International Relations club, was elected queen of the College of San Mateo's Homecoming ceremonies last Friday.

A large crowd gathered around the traditional bonfire at Coyote Point to hear the news. Carol is a graduate of Hillsdale High school and lives at 709 Twenty-ninth avenue, San Mateo.

Runnersup in the voting, conducted on campus by the students, were Maurine Collins of Westmoor, Judy Stockton of San Mateo, Linda Barca of Notre Dame and Cris Adams of Notre Dame.

Formal coronation of the queen was held Saturday at the Homecoming ball at St. Francis hotel in San Francisco.

SCHOOL BURGLARY

Vista Mar school was burglarized last week. The thieves entered the office by breaking a window, principal Marjorie Tobias reported.

The desks were ransacked and a small amount of coins were taken.

City-County Meeting Set For Nov. 18

Plans are being completed for an all-day conference on city-county problems to be held November 18 at the Hilton inn.

The symposium, perhaps the first of its kind, is the brainchild of Supervisor James V. Fitzgerald and is to be sponsored by the county board of supervisors and the county council of mayors in co-operation with the county development association.

"Synchronization of Local Government—Solving Problems Through Home Rule," is the theme of the meeting.

Among the subjects to be discussed are roads and highways, sanitation, water pollution, rapid transit, bay fill, refuse disposal, convention center and hotel tax, flood control, airports, area planning human relations, open space land conservation, and recreation.

Speakers are being lined up to lead off panel discussions on the various subjects. State Senators Richard Collier and Richand Dowling have accepted invitations.

Invitations are to be sent to all mayors, councilmen, commissioners and other city and county officials.

SEAT STOLEN

William Reeves of Walnut Creek reported to Daly City police over the weekend that the front seat of his foreign-made auto had been stolen while the auto was parked at Calgary street and Geneva avenue.

Postmaster Announces Dates For Christmas Job Forms

Applications will be accepted for temporary Christmas work at the Daly City post office from November 12 through November 14, 1963, Postmaster Vincent P. Murphy said last week.

"Disabled Veterans may apply from November 12 through November 20," Murphy stated.

Applicants must be over 18 years of age, cannot be employed in any other position, and must reside within the delivery limits of the Daly City post office.

Work will be assigned according to the following priority group: (1) Veterans with compensable service-connected disability of ten per cent or more; (2) Other veterans with ten-point and five-point preference and (3) All other applicants.

Applications may be obtained at the Main Post Office, 31 Bepler street, Daly City, from 9 a.m. to 5 p.m. on the dates mentioned.

Paper Drive Set by Scouts

Boy Scout Troop 129, Broadmoor Village, is having a paper drive, Saturday. Trucks will be parked at the Hope Lutheran church on that date. Papers should be tied in one-foot bundles and placed at the front door of the house.

Proceeds will be used to buy camping equipment for the troop. Scoutmaster Bill Proctor, PL 5-8573, invites any boy eleven years old or older to call him.

Try Hobgoblin Sandwiches

TRICKS MAKE treats for Hallowe'en. Are your youngsters having a party? They'll enjoy making tricky open-sandwiches with goblin-type toppings cut from slices of cheddar cheese. If no party is planned, the sandwiches will still be fun to serve to the family.

All these sandwich cut-outs are made from bread, deviled ham and cheese. First the bread is spread with the ham. Then the sliced cheddar cheese is cut out in Hallowe'en shapes and arranged over the ham.

If you have a set of tiny canape cutters, your youngsters will have fun using them to cut out the features for pumpkin-face sandwiches. A tiny triangle-shaped cutter will make a fine nose, a little half-moon cutter will fashion alluring eyes.

Boys and girls can also cut out center rounds from cheese slices for Hallowe'en cat sandwiches and add the garnishings that make the features on the cat's face.

To our knowledge, cookie cutters do not come in ghost shape, so to make spook sandwiches a ghost pattern will have to be cut out of cardboard.

Here are specific directions for all three open sandwiches.

SANDWICHES

Pumpkin Faces — Cut rounds from slices of bread with a cookie cutter; spread the bread rounds with deviled ham. Cut out matching size rounds from slices of cheddar cheese; cut out pumpkin-face features — eyes, nose and mouth — from the cheese rounds; place the cut-out cheese rounds over the ham-spread bread rounds. Use parsley for the pumpkin face's hair, raisins for the eyes; make a bow tie from tiny wedges of green pepper placed over larger wedges of pimiento.

Ghosts — cut a ghost shape out of cardboard and use this pattern to cut spooks out of slices of cheddar cheese. Spread slices of bread with deviled ham and place a cheese ghost over each. Bits of ripe olive or raisin may be used for the spook's eyes and nose and a strip of pimiento for his mouth.

Cats — cut out rounds from sandwich-size slices of cheddar cheese with a cookie cutter to represent cat faces; make two notches in each cheese cut-out to represent the cat's ears. Use garnishings for the cat's features—ripe olives or raisins for the eyes and nose, a dot of pimiento for the mouth, and green pepper or pickle strips for the whiskers.

End Hearty Autumn Meal With Dessert

Hearty autumn meals are best ended by a light but flavorful dessert. Sherried Coffee Bavarian Cream is just that. It looks attractive molded or served in dessert dishes, and the Sherry from California elegantly enhances the coffee-cinnamon flavor. Especially nice with dessert are accompanying glasses of sweet or Cream Sherry. The wine is best when served at cool room temperature or slightly chilled.

The Sherry remaining in the bottle can be used to flavor many additional dishes — just substitute part of the water called for in a recipe with Sherry. You'll be amazed at the delicious difference, and the Sherry will keep for several months without refrigeration.

SHERRIED COFFEE BAARIAN CREAM

1 envelope unflavored gelatin
¼ cup cold water
1¼ cups hot, strong coffee
½ cup sugar
Dash orsalt
¼ cup California Sherry
Dash of cinnamon
-3 cup heavy cream, whipped

Soften gelatin in cold water; dissolve in hot coffee. Add sugar and salt; stir until sugar is dissolved. Add Sherry and cinnamon; chill. When mixture begins to thicken, beat with a rotary or electric beater until foamy; fold in whipped cream. Pour into a mold that has been rinsed with cold water, or into sherbet glasses; chill until firm. Unmold (unless sherbet glasses are used) and serve with additional whipped cream.

Beef Muffin Is New and Delicious

Need a simple new idea for a ground beef dish? Beef Muffins are the answer. The beef is mixed with crushed potato chips for body and California Burgundy or other red dinner wine for flavor accent. Pack the meat into muffin tins, top with bacon and bake until savory brown. Simple and delicious for the whole family—the alcohol disappears as the "muffins" bake. Catsup or chili sauce is a good topping for the meat. Complete the meal with crusty bread, your favorite vegetable and glasses of the same red dinner wine used in the recipe.

BEEF MUFFINS
(Serves 4)

1 cup finely crushed potato chips
½ cup California Burgundy, or other red dinner wine
1 egg, slightly beaten
¼ cup finely chopped onion
¼ teaspoon pepper
1 strip bacon, cut crosswise in
Catsup or chili sauce

Mix all ingredients except bacon and catsup, blending well. Pack Mixture into 8 muffintins; top each with a piece of bacon. Bake in a moderately hot oven (375 degrees F.) for 30 minutes. Let stand 2 or 3 minutes before removing "muffins" from tins. Serve with catsup or chili sauce.

Beef Preferre On Air Trips

No matter how you slice it, Americans like beef for dinner.

American Airlines passengers have turned thumbs down on everything offered to them for variety's sake, even chicken kiev drowned in butter.

That's why, starting this fall, American's passengers have been served prime sirloin, rib eye steaks and filets on transcontinential Astrojet flights. Broiled lobster will be the alternate choice on Fridays.

East and West Join in Dessert

East meets West in this dessert of New England cranberries and California cling peaches. Mix 1 cup each uncooked rolled oats and brown sugar with ½ each butter and flour. Pat half of mixture in 8-inch square pan. Cover with canned cranberry sauce and well-drained canned cling peach slices. Top with remaining mixture and bake in moderate oven about 45 minutes. Good with a topping of ice cream, whipped cheese or dairy sour cream.

Baked eggs in potato nests

According to Lenten needs, add tuna or diced cooked ham to seasoned mashed potatoes. Fashion into nests. Break an egg into each and bake 'til firm.

Look Forward To A Pudding

It's pudding time! It's the timetime of the year when, like our forefathers, we look forward to holiday feasts and the traditional favorite — steamed pudding. In fact, the early settlers liked pudding of all kinds — steamed, boiled and baked.

But pudding was at that time served before the main course, an dtherefore not considered a dessert. With this tradition arose the popular saying, "I came in pudding time," meaning, "I arrived early."

When it's pudding time at your house (whether before or after "meat and potatoes") try this sumptuous variation of that holiday feast accompaniment, steamed pumpkin pudding. It combines the moist goodness of a steamed pudding with a delicate pumkin flavor. And the fluffy hard sauce topping made from creamy white frosting mix adds just the right amount of sweetness to this slightly spicy treat.

If you don't have a steamer, you can easily convert any large kettle into one. Place the mold above the water line on a rack set on cups, keep it tightly covered, and do not lift the cover exceept to add boiling water, if necessary.

So don't leave the pumpkin sitting on the fence this fall — put it into this exciting fall dessert.

- 1¾ cups sifted flour
- 1 tsp. baking powder
- ½ tsp. each salt, soda, cinnamon, ginger and cloves
- ½ cup shortening
- 1 cup brown sugar (packed)
- 2 eggs
- ¼ cup sour milk
- ½ cup canned pumpkin

Sift flour, baking powder, salt, soda, cinnamon, ginger and cloves together. Cream shortening and sugar. Add eggs and beat well. Add flour mixture alternately with sour milk and pumpkin to creamed mixture. Pour into greased 1½-qt. mold. Steam 1¾ hr., or until toothpick stuck in center comes out clean. Cool a few min., loosen from sides of mold, remove from mold, serve warm with Hard Sauce. About 10 servings.

HARD SAUCE: Blend ½ cup butter and 1 unbeaten egg white with ½ pkg. (7 oz.) Creamy white frosting mix. Beat on high speed electric mixer 1 min., or or by hand until light and fluffy. Add ½ tsp. rum flavoring, if desired. Chill until hard. Makes 1½ cups.

Canned Fruit Cocktail Is 'Instanter'

In this day and age of instant foods, some are bound to be more "instant" than others. There are those instant foods that need other ingredients before they become edible. And there are the ones that require thawing and-or cooking before being served.

But in the case of canned fruit cocktail, instant is exactly the proper word to use. Open the can, empty the contents and enjoy the fruit instantaneously with no fuss and bother of adding other ingredients or turning on the stove or washing a lot of dishes when you've finished eating.

Of course, that's only one way -and the easiest — to treat yourself to the flavor goodness of a can of fruit cocktail. The five different bite-size kinds of fruit in each container may be used in countless recipes if you want to glamorize salads, hot meat sauces and desserts such as cakes, pies, puddings and parfaits. Using the fruit to dress up other dishes remains, however, one of the simplest operations known to the culinary world.

It's this convenience asset combined with the universal popularity of canned fruit cocktail's cling peaches, pears, pineapple maraschino cherries and seedless grapes that helps account for its high standing as the third best-selling canned fruit in the United States. This largest fruit combination pack in the world also appeals to homemakers keeping a watchful eye on the kitchen budget. The syrup as well as the fruit itself enhances many specialties.

For a breakfast with a built-in boost, combine canned fruit cocktail and its syrup with diced orange or grapefruit sections. If you have some fresh mint, add a few chopped leaves. It'll start the day off on a bright, refreshing note befitting the Spring season.

Fruit Salad Freeze Has Great Flavor

When you feel like serving an out-of-teh-ordinary salad, it's hard to beat the almost out-of-this-world flavor and appearance of "Piquant Fruit Salad Freeze." Refrigerate it well ahead of serving-time, then cut it into squares to delight family and friends alike. It's a sparkling combination of colorful canned fruit cocktail in a tangy-with-lemon sour cream-gelatin mixture. If any parties for children are on your schedule, you could serve this as dessert because no other assortme of fruits seems to strike a youngster's fancy more than bright-and-cheery canned fruit cocktail

Piquant Fruit Salad Freeze

- 1 can (1lb. 14 oz.) fruit cocktail
- 1 pint dairy sour cream
- 1 tablespoon lemon juice
- ½ cup sugar
- ¼ teaspoon salt
- 1 teaspoon plain gelatin
- 1 tablespoon cold water
- Lettuce

Drain fruit cocktail. Mix sour cream, lemon juice, sugar and salt. Soften gelatin in cold wate and dissolve over hot water. Stir small amount of sour cream mixture into gelatin and add to remaining sour cream mixture. Fold in well-drained fruit cocktail. Pour into refrigerator tray and place in freezing compartment with control set at lowest temperature. Freeze until firm, about two hours. Reset temperature control to normal.

Autumn Fruits Are Combined

Combine the fruits of autumn in an easy dinner salad. On individual plates, arrange alternately slices of red-skinned apple, grapefruit sections and nut-stuffed pitted fresh California dates; sprinkle with pomegranate seeds. Serve with a creamy mayonnaise or lemon-honey dressing.

Favorite Egg Salad Touches

Make your favorite egg salad very special by adding shiny ripe olive wedges and tiny cooked shrimp. Serve in a mound on rings of tomato and green pepper.

If company is coming, serve as dessert warm apple crisp dressed up with a crumbly roasted diced almond, brown sugar, butter and flour topping. Crest each serving with a drift of whipped cream and spinkle generously with sugar mixed with cinnamon.

GOLDEN ALMOND FRUIT CAKE slices beautifully, is an excellent "keeper."

Bake and Keep A Fruit Cake

"Golden Almond Fruit Cake" slices beautifully when first made, yet is an excellent "keeper." The buttery pound cake is chock-full of elegant almonds and fruits. For gift mailing, bake it in 3 1-pound coffee tins, and send them in their containers.

Thoroughly cream 1 cup (½ pound) butter or margarine; gradually beat in 1 cup sugar, creaming until light and fluffy. Add 5 eggs, one at a time, beating thoroughly after each addition. Sift 2½ cups all-purpose flour, measure and reserve ½ cup to toss with fruits. Sift 2 cups of the flour with 1 teaspoon baking powder and 1 teaspoon salt; blend into creamed mixture. Add ¼ teaspoon almond extract and 1 teaspoon vanilla. Toss together 1½ cups slivered blanched almonds, 1 cup golden raisins, 1 1-3 cups (8 ounces) whole candied cherries and 1 cup (6 ounces) candied pineapple, cut in strips, with the ½ cup reserved flour; mix into cake batter. Line 1(9-inch) tube pan or three greased 7 x 3½ inch loaf pans with heavy brown paper; grease paper. If fluted pan is used, grease well and flour, but do not line with paper. Pour in batter. Bake in slow oven (300 degrees F.) or 2 hours or until a toothpick inserted in center comes out clean. Cool on wire rack. Wrap in brandy-soaked cloth and store in covered tin. Makes about 3¾ pounds fruit cake.

Use Pumpkin For Muffin Flavor Treat

"When the frost is on the pumpkin," that's the time we start picturing those pungently spicy pumpkin pies.

All pumpkin pie fans ought to also love this flavor in another baked product . . . homemade muffins made with canned pumpkin, raisins and the typical spices. What a perfect fall dinner accompaniment!

You'll be delighted to discover how tender and tasty muffins can be when made with lard. And lard is very economical.

Since this recipe does not utilize all of a 16 ounce can of pumpkin, home economist Reba Staggs offers a suggestion: Prepare Frosty Pumpkin Pie. Bake a single, 9-inch pie shell. Blend 1 cup cooked pumpkin, ½ cup brown sugar, ¼ teaspoon salt, ¼ teaspoon cinnamon, ¼ teaspoon ginger and ½ teaspoon nutmeg and mix with 1 quart softened vanilla ice cream. Pour in shell. Chill 3 to 4 hours. If you wish, just before serving add a meringue topping browned 2 or 3 minutes in a 450 degree oven.

PUMPKIN MUFFINS

- 2 cups sifted enriched flour
- 3 teaspoons baking powder
- 1 teaspoon salt
- 1 teaspoon cinnamon
- ¼ teaspoon ginger
- ¼ teaspoon allspice
- ¼ cup brown sugar, firmly packed
- ½ cup raisins
- 1 egg, beaten
- ½ cup milk
- ¾ cup cooked pumpkin
- ¼ cup molasses
- 1-3 cup melted lard

Sift together flour, baking powder, salt, cinnamon, ginger, nutmeg and allspice. Stir in brown sugar and raisins. Mix together egg, milk, pumpkin, molasses and melted lard. Add pumpkin mixture to dry ingedients and stir until just moistened. Fill greased medium-size muffin pans 2-3 full. Bake in a hot oven (400 degrees Fahrenheit) 25 minutes. Yield: 12 muffins.

Join Sausage With Yams In Casserole

October as Yambilee Month presents a fine excuse for presenting some unusual main dishes featuring meat and yams or sweet potatoes at your supper table. Sweet potatoes and yams blend particularly well with ham, fresh pork and sausage.

Your family will enjoy this Sausage-Yam Casserole suggested by Reba Staggs, meat recipe and cookery authority. Canned yams are mashed and mixed with pineapple and raisins. On top you'll arrange spicy pork sausage links. It's an easy as well as delectable entree and just one more example of the use of sausage links, other than for breakfast.

SAUSAGE-YAM CASSEROLE

- 1 pound pork sausage links
- 2 cans (17 ounces each) sirup-pack yams or sweet potatoes, drained
- ¼ cup raisins
- 1 can (8¾ ounces) pineapple tidbits, drained
- ½ teaspoon salt

Brown sausage links. Mash yams. Add raisins, pineapple and salt to sweet potatoes. Place mixture in a 1½-quart baking dish. Arrange sausage links on top. Bake in a moderate oven (350 degrees F.) to 25 minutes. 4 to 6 servings.

Use Caution in Planning Funeral

By LORENE BEASLEY
Editor, Better Business Bureau "Barometer"

Jessica Mitford's book, "The American Way of Death," has touched off much controversy on the subject of funerals. Life magazine devoted 10 pages to it in a recent issue, the New York Times, Wall Street Journal, numerous newspapers and local TV and radio stations have opened up the subject for general discussion.

Mostpeople rely on their survivors who will make suitable funeral arrangements. However, in recent years, a growing number of individuals, firms and groups have sought to stimulate public interest in pre-arranged, pre-financed funeral plans.

Grievous disappointments and severe financial losses have resulted from some unsound promotional schemes, passed off on a credulous public by high-pressure salesmen. There are many dangers inany plan for pre-paying funeral expenses unless it is surrounded with the proper safeguards. Twenty states have enacted laws since 1953 which require that whenever funeral merchandise or services are sold in advance of need, all moneys paid in advance for such merchandise and services must be placed in trust by the individual or organization selling the pre-need program. California has no such law at present.

The pre-arranged funeral appeals to: those who wish to make advance arrangements; the person who has family difficulties and who wants to be sure of getting the kind of funeral he wishes; the elderly people who have no close relatives; the people who think they are saving their estate money by paying for their funeral expenses in advance and the person who believes that funeral planning is in the family interest and should be conducted with as much detail as any other important business transaction.

The pre-arranged funeral is NOT legally binding upon the survivors if they do not want to follow the deceased's wishes. The law places upon the survivng spouse or next of kin the duty to bury and with that duty comes the right to determine where, in what manner and by whomt he body shall be disposed. No action taken by the deceased during his lifetime can divest his survivors of this right of burial.

Even though there be no conflict of interests, the individual still cannot be completely certain that the funeral service will be conducted in accordance with his pre-arranged plans. The average American today can expect to live beyond his seventieth birthday. If a person arranges his funeral at the age of 40 or 50, he cannot be sure that the minister, organist or soloist selected or even the merchandise chosen will be available at the time of his death. He cannot be sure that the funeral home selected will be in the same location or in the same neighborhood. More than 10 per cent of our people die in communities other than those in which the funerals are conducted. The difficulties in making funeral plans by pre-arrangement, not knowing where or when one will die, are obvious.

Most unsound promotional schemes succeed because the average person does not have the information to identify a dubious venture as such. Ignorance and misunderstanding about funerals is widespread among the general public. Helpful information in this connection is containedin a bulletin, "Facts Every Family Should Know About Funerals and Interment," which is available upon request at your Better Business Bureau.

Surfboard Trip Ends

A trip from San Francisco to Newport Beach on a paddleboard ended last week in Pacifica.

Larry Capaine, a 21-year-old lifeguard from Newport Beach had planned to make the 568-mile ocean trip on a 20-foot-long paddleboard in 14 days.

But the paddleboard, weighing 80 pounds, would only make about two miles an hour. When he pulled close to shore to get his bearings Wednesday afternoon, a huge wave pounded him and washed him ashore. He had only gone about eight miles.

"I hate to quit," he said, "but I'd be crazy not to."

He said he plans to try again next summer.

BRIGHT LIGHTS

by Lloyd Johnson

New Faces in Sinaloa

"Holiday in Mexico"

The Sinaloa's Fall version of "Holiday in Mexico" revue features talented **Victor Buelna**, Mexican movie star and recording artist; **Muniquita**, a Latin beauty whose Mexican version of the Charleston, toe dance "twist," and audience participation bits keep the cantina in a swingin' mood.

Victor Buelna

Also featured are the exciting different **Los Castellanos**, two newcomers to this Powell street supper club who perform the most difficult Flamenco steps with the ease and grace of a ballroom waltz; the **Two Mosquitoes** "buzz" through a comedy routine of Mexican patter and dances which pleases all; **Juan El Mago** and his ranch songs add extra romantic spark to the evening's entertainment, and handsome **Armando Duval**, an unusual master of ceremonies, makes femme hearts skip a beat when they join him in audience participation numbers.

Sam Segraves and his orchestra play for dancing and back the all-Latin funfest, Monday through Saturday. Dinners served from 6 p.m. to 2 a.m.

THE ZANY NOB HILL TRIO (Dave Lario, Sam Farano, and Don Donaldson), who play for dancing every night at the Sheraton-Villa Motor Inn in San Mateo, display a brand of showmanship that has put them into top Las Vegas and Reno spots — including the Flamingo Hotel and Harrah's. The superb instrumental and comedy combo has the uncanny knack for working for and with an audience. Both cocktail and dinner-dancing is offered in the plush Tiara Room at the Sheraton-Villa . . . San Francisco's Broadway has come a long way since **Joe Finocchio** opned the first big night club on that street some 35 years ago. Now there are no less than 30 night spots clustered around **Finocchio's** at Kearny and Broadway. And, in spite of the heavy competition, Finocchio's maintains itself as the most popular, most crowded of them all — which speaks volumes for the high class of novelty show Joe maintains.

Dave Lario

TONY LICATA, son of **Vince**, the "hard-hitting" San Mateo Italian and seafood restaurant owner, told your **Bright Lighter**, the other p.m., why his dad isn't on hand, as a rule, during the evening hours. "Dad is in San Francisco in the early morning buying fish and all the other products that make a successful restaurant tick," said Tony. "When he supplies the products, we, here at the restaurant, merchandise them." . . . **Bob Pemberton** and **George Zedlar** will present their first costume Hallowe'en party Thursday evening, Oct. 31, at the Third avenue **Clozet**. According to advance reports, there will be four prizes . . . top one worth $50.00 . . . Trend of conversation at the **J and G Restaurant**, these days, is football. For a good reason, too. **Guido's** son is in college packing the ball. Dad's his avid fan . . .

Vince Licata

LEE WARREN, just back from a tour of Europe, has wasted no time in putting ideas of the old country into action. A new wine display is set for a **Piccadilly** appearance—only it will feature all the Blue Ribbon winners at the State Fair (California wines) . . . Fun galore at the **Morocco Room** — especially Wednesday thru Saturday, the live music eves . . . **Danny Piccinini's** take-out orders at his **Danilo's** in Burlingame are well on the jumbo size. Your **Bright Lighter** took one of his spaghetti and meat ball dinners home, the other evening, and there was enough left over, after my capacity had reached it's peak, for the next day's luncheon . . . **Franciscan** Owner **George Burger** makes it a point to visit his many friends in the restaurant business—one of his latest being the **Brentwood Lodge** in South San Francisco. Understand his Fisherman's Wharf restaurant is enjoying the biggest year in its short history .

Lee Warren

LOVELY KITTY KALLEN, established as one of the nation's top singing stars and a leading film personality — as shown by her starring role in the recent Universal-International film musical, "The Second Greatest Sex," will entertain **Fairmont Hotel Venetian Room** audiences through November 13. Devotees of the early "swing" era can recall when Kitty joined the touring Jack Teagarden band — "Sixteen Men and a Girl" . . . The show at the **Galaxie** with **Prince Maaka Nua** and **Don Lane's Madness** gang is drawing the biggest crowds ever at the Broadway club . . . **Avis Corp.** executives, headed by **Ron Seibert, Ken Jhiemann** and **Bob Garten**, held a dinner-party at **Phil Lehr's Steakery** in San Fran. . . . The new "Laffs-A-Poppin'" revue at **Goman's Gay 90's** wins our nod as the best show the G's have ever had. **Sir Richard Drake**, a droll, whimsical comedian, takes the laughing honors — both in his solo spot and in the wildly-funny "Cleopatra" scene. A top show, if you're bound for San Francisco.

Kitty Kallen

Dine and Dance Caravan Inn

The Mountain View **Caravan Inn** dance floor is now finished and folks have been quick to take advantage of the new Monday through Saturday evening dance policy. **"Patti and Mac"** provide the musical tunes — and their dance arrangements are rhythm perfect. General manager **Betty Sedam** has set a "No cover or minium charge" policy for the entertainment which is already proving popular with the cocktail set.

The Caravan Inn Camel Room is still serving the "All you can eat" family-style dinners for just $2.25 from 5 p.m. to 10 p.m. Porterhouse steaks and prime ribs (Eastern beef) are popular 6 p.m. to 11 p.m. dining requests in the plush Persian Room. Now is the time to plan your holiday dinners and private banquets. Suggest early reservations.

Excellent food choice at the Burlingame **Hyatt House Hotel: Johnny Kan's** Cantonese cuisine (upper level) and the all-American menu served in the coffee shop and dining room (main floor).

New Carpet for Barney's Casino

Foot traffic at **Barney's Casino** has been so brisk since opening day, a little over two years ago, that the Stateline Nevada club has to install a new $15,000 wall-to-wall carpet. According to Owner **Barney O'Malia**, the one now in use was scheduled for at least four three years' service. But with the large volume of business that Barney's Casino is doing, "even iron wears out."

Emerson Murfee, owner of the Peninsula's famed **Villa Chartier**, pointed out that his restaurant has seven private rooms from which to choose for meetings and parties.

"With the holidays just around the corner," said Murfee, "early reservations are suggested."

All rooms have private bar service and will be set up to accommodate any kind of special meeting or party. Make your selection from these exceptionally fine facilities: Kyne Room (seats 15); Directors, 25; Stage, 35; Executive, 40; Skyroom, 85; Patio, 100, and Garden Room, 125.

A. Sabella's Plan Halloween Party

A. Sabella's on Fisherman's Wharf will be the scene of one of the most exciting and fun-filled Hallowe'en parties in the Bay Area next Thursday night, October 31. This "Come as you are or wear a costume" affair is a yearly event in A. Sabella's Capri Room. Owner **Lucien Sabella** has prizes for the most unusual "spooks." **Joe Marcellino** and his orchestra will be costumed to befit the gala occasion. Dinner served as usual and, as usual, no cover charge. Free parkin gat **Mario's Flying A Service Station** (Beach between Taylor and Mason).

Enrico Romano is away from the Pacifica pizza front, this mid-week, visiting his pal **Donald O'Connor** at **Harrah's Club**, Lake Tahoe. Maybe Donald will convince Enrico to take up tap dancing — and it wouldn't surprise me.

Searching for a San Francisco restaurant with an established reputation? **George Mardikian's Omar Khayyam's** in San Francisco is one of the most select.

"Chicken King"

Whenever I say **Keith Williamson**, the California Drive restaurateur **(Keith's Chicken and Steak House)** is the "chicken king," he is just that in my book. For instance, Last Friday, Saturday and Sunday his kitchen produced over one-half ton of fried chicken. In fact, there has been a "food stampede" here ever since Keith offered the "All you can eat for two dollars" package. Seafood and steaks are also listed on the menu. Now hear this: Keith's homemade pies rate blue ribbons. Yes, sir, everything in the place is packed to go—even the lease, if the price is right.

Students Receive Employment Aid

Lawn jobs, grocery store work, car washing, and baby sitting are some of the occupational opportunities Mrs. Marianna Linard can find for interested Westmoor students. Mrs. Amy Woodside, registrar; Clayton Kollmann, dean of boys; and Mrs. Linard are working together to bring work to all interested students.

Mrs. Linard, a youth employment representative of the California State Employment service, is at Westmoor to talk to students on Wednesday mornings from 8:30 to noon.

Students obtain job applications from Kollman.

Mrs. Linard also visits Oceana and Terra Nova to help the job-hunting students.

The sun, moon and tide tables show the hours of the day, numbered consecutively from 01:00 (1 a.m.) to 24:00 (midnight) instead of using 12 hours twice followed by a.m. or p.m. Noon is 12:00. 1 p.m. is 13:00.
